## Two Post-Dispatches to One Globe-Democrat

In St. Louis every day the Post-Dispatch sells twice as many newspapers as the Globe-Democrat.

VOL. 71, NO. 219.

## ALOE ELECTED BY 24,419; ALL G. O. P. ALDERMEN NAMED

Republican Gets 50,098, Garrison 25,679 and Haller 4444 Votes for President of Board.

## MURPHY WINS FOR BOARD OF EDUCATION

One Democrat Gets Majority for Alderman in His Own Ward, but Is Defeated by Vote in Other Wards.

Complete control of the city government by the Republican party will continue for the next two years, as the result of yesterday's election, in which Louis P. Aloe was re-elected President of the Board of Aldermen, and the 14 Republican candidates for Aldermen from the even-numbered wards were also elected. Aloe's plurality over Flint Garrison, Democratic nominee for President of the board, was 24,419. His majority over the entire opposition, including Julius Haller, nonpartisan candidate, and William M. Brandt, Socialist, was 15,559. The total vote cast for this office was 54,657, of which Aloe received 50,098; Garrison, 25,679; Haller, 4444, and Brandt, 4416. The total city registration is 156,356.

The only Democrats elected were the Democratic candidates on the bipartisan Board of Education ticket. Those elected to the Board of Education were Dr. H. L. Wolfner, Republican, and Jesse A. McDonald and John C. Tobin, Democrats, whose names appeared on both the Republican and Democratic tickets; and Richard Murphy, Democrat, whose name appeared on the Republican ticket, while William Cullinan, Democrat, was in the corresponding place on the Democratic ticket.

The issue between Murphy and Cullinan was supposed to be Murphy's policy, as a member of the board, in opposing Supt. Withers in matters relating to the management of the schools. However, the size of Murphy's vote corresponded to that cast for the Republican ticket so closely as to indicate that not much attention was paid by voters to the merits of the controversy. Murphy's plurality over Cullinan was 24,488.

Luke Hart's Majority 29,761. Of the candidates for aldermen, Luke E. Hart of the twenty-eighth ward received the largest majority, 29,761, and Gus A. Baur of the fourteenth had the smallest margin, 25,966. John P. Connor, Democratic candidate for Alderman of the Fourth Ward, had a majority of 718 in that ward, but this had no effect on the result as all the Aldermen are elected by vote of the entire city.

Politicians commented today on the complete control of the city government by the Republican party which was made possible by the charter of 1914. Formerly, even in the palmiest days of the Ziegenhain machine, there were always a few Democrats in the House of Delegates. The new charter, however, now, when there is only one legislative body, with all its members elected by vote of all the people, the only offices left open to the minority party are, in a few cases, those of Justice of the Peace and Constable.

The vote corresponded, in its main features, with the prediction made by John Schmoll, Republican City Chairman, as told in Monday's Post-Dispatch. Schmoll predicted that Aloe would get about 50,000 votes, Garrison 25,000, Haller \$500 and Brandt 9000. He overestimated the total vote, and the vote of the two minor candidates.

In the election of April, 1915, the first held under the charter, A. H. Frederick, Republican, was elected President of the board by a plurality of 22,400, while Hart, for Alderman of the Twenty-eighth Ward, won by a plurality of 38,247. The total vote cast for the office of president of the board in that election was 102,929. At that time Aldermen from all the 28 wards were elected, those from the odd-numbered wards being elected for terms of two years and those from the even-numbered wards for four years, in order to get the new system to going.

Kiel's Plurality 23,261. In this election of 1919, when the Mayor and 14 members of the board were chosen, Mayor Kiel's plurality was 23,261, in a total vote of 120,451.

The smallness of the vote cast yesterday, in view of the favorable weather, surprised politicians, who had expected that the vote would be about 100,000. The size of the Republican majority is believed to be accounted for by the smallness of the total vote cast. The Republican machine, which commands the votes of 6000 city employees, and owns a large number of these as ward and precinct workers on election day, got out its full strength, but the result shows that citizens at large were inclined to be indifferent, or to re-

# ST. LOUIS POST-DISPATCH

The Only Evening Paper in St. Louis With the Associated Press News Service

ST. LOUIS, WEDNESDAY EVENING, APRIL 2, 1919—28 PAGES.

## NIGHT EDITION

PRICE TWO CENTS

## POWER CONTRACTS READ IN SUIT FOR RECEIVER FOR U. R.

Second Day's Hearing Is Speeded Up by Special Master Lamm, So That 14 Agreements Are Heard.

## COMPANY TO ARGUE FOR DISTRIBUTORS

Will Attempt to Show Definite Service Was Rendered for Fat Profits by Middle Company.

The second day's hearing of the suit for an accounting and receivership of the United Railways Co. was speeded up today at the urgent request of Judge Henry Lamm, special master, so that at the forenoon session 14 power contracts made by the company were read and introduced in evidence. One of these was a 99-year contract between the United Railways Co. and the Mississippi River Power Distributing Co., specifying that the United Railways Co. shall take 48 2-3 per cent of the power obtained by the distributing company from the Kookuk dam and shall pay \$687,000 a year for it.

A power contract made by the United Railways Co. with the Union Electric Light and Power Co., Dec. 21, 1909, also was read. At the afternoon session the plaintiff began the introduction of record evidence as to the payments of mill tax by the United Railways Co. in an effort to show that payments made by the company on behalf of the St. Louis Transit Co. had aided in impoverishing the United Railways Co.

## USE OF ST. PAUL HALL IS FORBIDDEN TO KATE O'HARE

City Council Votes to Bar St. Louis Woman Who Must Serve 5 Years' Sentence.

By the Associated Press. ST. LOUIS, April 2.—St. Paul's city council today voted to forbid the use of the St. Paul Auditorium next Sunday for a Socialist mass meeting at which Mrs. Kate O'Hare of St. Louis was to make the principal address. Mrs. O'Hare is soon to begin serving five years in the Missouri penitentiary for having made disloyal utterances.

## BUDAPEST OUT IN FINE CLOTHES AFTER REVOLUTION

Special Cable to the Post-Dispatch. BUDAPEST, Hungary, March 25 (delayed).—Buda, the capital of the communist regime welcomes the spring sunshine. The promenades along the banks of the Danube are crowded with neatly dressed people and popovers. There are no more prices, manage to obtain fine clothes. Except the food and drug stores, the shops are temporarily closed during the taking of an inventory preparatory to starting anew.

Red flags fly from every official building. The street traffic consists as usual, with the exception that lorries and automobiles are used in transporting the red guards, who are stationed around the banks and important buildings in the rich quarters.

One sees some amusing signs of the times. An officer blackening shoes draws a big crowd of the curious. Officers are selling shoes and popovers. There are no more plentiful and popular, an enormous bag of it decorating almost every street corner.

Occasionally there is a procession of the newly recruited red army men in uniform. The exchanges are closed, for under this system there is no need of them, and exchanges are used for socializing departments, and even on the steps in the open air are held meetings of groups of employees who are ordered to make inventories of their stocks.

Copyright, 1919, by the Chicago Daily News.

Hungary Confiscates Jewels. By the Associated Press. COPENHAGEN, April 2.—An order issued in Budapest by the new Hungarian government provides that jewels and precious stones, the value of which exceeds 2000 crowns (\$400), shall be surrendered without payment to the communist government.

## QUIT AS CANDIDATES RATHER THAN MAKE "UNKIND REMARKS"

Two Webster Groves Men Withdraw From Race Because of "That Neighborhood Feeling."

Two candidates for city office who withdrew from the race rather than say anything that might hurt their opponents' feelings, are the latest objects of civic exile in Webster Groves. They are Guido H. Rautenberg, candidate for Mayor, and George Adams, candidate for Commissioner, both members of the "Moonlight Party," which members reside in St. Louis and live in Webster Groves. Rautenberg is manager of the Mervin Wax and Cattle Co., and Adams is a department manager for the Carleton Dry Goods Co.

As a result, the citizens of that municipality are divided in their pride over an administration elected without opposition, and two citizens who would rather not have office than have it at the expense of their neighbors' feelings. Rautenberg explained to a Post-Dispatch reporter today why he and Adams got out of the race last week. "I shudder right down to where there wasn't any issue except that of personality," he said. "We were all agreed on what was best for Webster. We are all neighbors there, and Mr. Adams and I decided that we'd rather quit than say unkind things personally about the other candidates."

## A. H. BROWN & CO. READY TO PAY 40 CENTS ON THE DOLLAR

Deposit Slip Showing \$260,000 to Firm's Credit Produced in Court Hearing to Be Held.

Attorneys for Alexander H. Brown and Anthony J. Schmidt, members of the defunct brokerage firm of Alex. H. Brown & Co., submitted today to Judge Dyer in the United States District Court, a proposal for a settlement with creditors of the firm at 40 cents on the dollar. They also submitted deposit slips of the \$260,000 had been deposited for the purpose of making the settlement. This would indicate that the total obligations to creditors amount to about \$650,000.

Judge Dyer set April 21 as the date for a hearing of creditors on the proposal for a settlement. Members of the firm's creditors, showing the willingness of several large creditors to accept the settlement, were presented to the court. One of the creditors so agreed, is Forrest Ferguson, president of the Carleton Dry Goods Co. and Ferguson-McKinney Manufacturing Co., whose claim is about \$74,000.

## PREPARATIONS FOR FLIGHT AT ST. JOHN'S ENCOUNTER DELAYS

By the Associated Press. ST. JOHN'S, N. F., April 2.—Preparations for the attempt by Harry G. Hawker and Lieutenant Commander MacKenzie Grieve, British aviators, to cross the Atlantic in a biplane, have been delayed by the limited facilities available here. The aviators have found the task of moving the necessary machinery to their temporary airfield a few miles from the city more difficult than they had anticipated.

They said that it would be some time before they could get their plane into working order. They did not venture any prediction as to whether they would be forced to postpone the start of their flight, tentatively set for April 16.

## 204 ORGANIZATIONS FOR LEAGUE

List Representing Missouri and 23 Other States Sent to Wilson.

By the Associated Press. NEW YORK, April 2.—William H. Short, secretary of the League to Enforce Peace, has sent to President Wilson in Paris a list of 204 organizations, representing 26 states, from which the league, during the first three weeks of March, received resolutions endorsing the establishment of a league of nations.

The states represented in the list sent to the president are: Alabama, Arkansas, California, Colorado, Connecticut, Florida, Georgia, Illinois, Iowa, Kansas, Kentucky, Louisiana, Massachusetts, Maine, Maryland, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, North Carolina, North Dakota, New York, Oregon, Pennsylvania, Rhode Island, South Carolina, Texas, Virginia, Washington, Wisconsin and Wyoming, and the District of Columbia.

## NEW LONDON-PARIS AIR RECORD

Aviator Makes the 250 Miles in 80 Minutes.

Special Cable to the Post-Dispatch. LONDON, April 2.—A new air record between London and Paris has just been established. A De Havilland machine of the official communication quadrop, used by the peace conference delegates, Friday flew the 250 miles in 80 minutes.

## BRITISH SHIPS TO AID U. S. FLYERS IN OCEAN FLIGHT

Forty Destroyers Will Patrol Waters From Azores to British Isles to Protect Naval Aviators.

## 60 U. S. VESSELS TO KEEP WESTERN VIGIL

Stream of Transports Will Furnish Additional Safeguards—Reports on Weather Compiled.

By the Associated Press. WASHINGTON, April 2.—British destroyers will co-operate with the American Navy in patrolling the course to be followed by American naval aviators in the projected flight across the Atlantic Ocean next month. It was learned today at the Navy Department that from 40 to 50 British ships would be on duty from the Azores to the British Isles where, under present plans, the flight will end.

American destroyers will patrol the course from St. John's, N. E., to the Azores. From 50 to 60 of the craft will be used, and they will be stationed at intervals of less than 200 miles. Along the greater part of the course there will be an almost continuous stream of army transports, going to and returning from France, and these vessels will form additional safeguards for the crews of the machines in event accidents force any of the craft to land. With reasonably good weather, however, the planes would ride on the water while minor repairs were being made to the motors.

Under present plans there will be five men in the crew of each of the two or three planes to make the start. Besides the navigating officer in command, there will be two pilots, a radio operator and a mechanic. Later, however, it may be decided to add an additional pilot. The course of the flight will be completely charted in advance by naval vessels. Careful study is now being made of weather conditions, and the winds usually prevailing, this data having been gathered by the Weather Bureau and by Government ships.

Some naval officers believe that it will be possible for the planes to be in communication with shore outfits so as to maintain contact with the patrolling destroyers and passing transports or other vessels. Preparations for flight at St. John's, N. F., are being completed.

## PROVISION STORES PLUNDERED BY FRANKFURT MOB

By the Associated Press. FRANKFURT, April 2.—Rioting broke out here again this afternoon. The mob plundered the provision stores. All the available military forces were rushed to the scene of the disorders. As this dispatch is sent the fighting is continuing. Demonstrators searching the Chief Burgomaster's house discovered large stores of meats, eggs and flour.

Three hundred persons accused of plundering shops have been arrested, and the city has been recently intensified by a reduction of the potato ration from five to three pounds.

## MEASURES FOR SOCIALIZATION OF BAVARIAN PRESS CONSIDERED

By the Associated Press. BERLIN, April 1.—According to a Munich dispatch, a committee of the Social Democratic party is considering measures for the socialization of the Bavarian press.

By the Associated Press. VIENNA, April 2.—A report received here from Prague, Bohemia, says that at a mass meeting of Social Democrats, a resolution was adopted to form workers' councils everywhere and to begin a struggle for dictatorship by the proletariat.

By the Associated Press. Reports received by the French Foreign Office are to the effect that the Bolshevik movement in German Austria has, as a general thing, been unsuccessful. The raised districts at the front, and the insurrection which started at Graz has been put down.

Reassuring reports from Hungary also have been received by the French authorities and officials now believe that it will be possible to resume diplomatic relations with Hungary soon. Allie, former French Minister to Berlin, has been sent on a special mission to Vienna.

By the Associated Press. Reports received from Budapest by the American peace delegation indicate that the new rulers of Hungary are giving assurances that they are anxious for peace on all fronts, and that the new army they are creating is directed toward the maintenance of order, and not for purposes of aggression.

The new Hungarian officials are Continued on Page 2, Column 4.

## STRIKE SITUATION IN GERMANY IS AGAIN SERIOUS

Labor Forces in Many Places Either Out or Threatening to Quit as Result of Radical Agitation.

## FATAL COLLISIONS OF WORKERS AND TROOPS

State of Siege in Stuttgart, Where There Is Counter Strike of Tradesmen; Riots and Plundering in Frankfurt.

By the Associated Press. BERLIN, via Copenhagen, April 2.—Almost all the labor forces of Germany are either striking or threatening to strike as a result of agitation carried on by Independent Socialists and Spartacists, who are succeeding in their efforts to induce workers to make increasingly impossible demands.

The situation everywhere is considered serious, and it is said the aim of the Spartacists is purely political, having as its object the overthrow of the present government and the establishment of Bolshevism. Sanginary engagements have occurred at Kastron, in Westphalia, according to the Tagblatt. A procession of miners which was on its way to the office of the Knastrop Anzeiger, clashed with public security guards and several were killed and wounded on both sides, it is said.

In a collision between the Socialists and the Social Revolutionaries, which took place at Stuttgart on Tuesday three persons were killed and many others wounded. The demonstrators were eventually dispersed and order was restored. The labor leaders in Stuttgart have declared a general strike there.

## NEVER SAY DIE! REGIMENT OF WESTERNERS LOST 700 KILLED

363d, of the 91st, or "Powder River" Division, Which Had 1700 Casualties, Back in U. S.

By the Associated Press. NEW YORK, April 2.—Fifteen hundred veterans of the 363d Infantry, Ninety-first, or "Powder River" division, which suffered between 6000 and 7000 casualties, of which the 363d had 1700, of whom 700 were killed, returned yesterday on the transport Kentucky. Nearly half of the regiment is composed of replacements.

The regiment made its record in the Meuse-Argonne offensive and was in Belgium at the close of the war. The Ninety-first was cited seven times for bravery.

While most of the boys in the 363d are Californians, the regiment being known as the San Francisco regiment, a number of them are also from Oregon, Washington, Montana, Idaho and Utah.

Col. Harry L. T. Cavanaugh, a Michigan man, Commander of the 363d, said: "I never saw a lot of men who could take more punishment than these have. These men are the prize fighters of the world. They never say die."

## STATE MEDALS FOR SOLDIERS

Special to the Post-Dispatch. JEFFERSON CITY, April 2.—The House today passed a bill providing for the presentation of a State medal to each Missouri soldier, sailor and marine, who served in the recent war and in the war against Spain.

A similar bill was passed by the Senate Monday, to become operative the Senate bill must be passed in the House, or the House bill in the Senate. This undoubtedly will be done within a few days. The bill carries an appropriation of \$25,000.

## INCREASING CLOUDINESS AND PROBABLY SHOWERS TONIGHT

THE TEMPERATURES.

Highest yesterday, 60; at 5 p. m., lowest, 32; at 7 a. m., 34.

Official forecast for St. Louis and vicinity: Increasing cloudiness, probably with showers tonight; tomorrow partly cloudy with moderate temperature.

Missouri: Showers this afternoon and probably tonight; warmer in extreme east portion and cooler in northwest portion tonight; tomorrow partly cloudy.

Illinois: Probably showers tonight and tomorrow; warmer tonight and tomorrow; warmer tonight.

## PROCLAMATION OF REPUBLIC IN SERBIA IS REPORTED

Agram Paper Said to Declare Dynasty of Karageorgevitch Has Been Deposed.

By the Associated Press. LONDON, April 2.—The newspaper Vecherni Listy of Agram, Jugoslavia, according to a wireless dispatch from Rome, announced that the dynasty of Karageorgevitch has been deposed, and a republic proclaimed with Belgrade as the capital of Serbia and Jugoslavia.

Agram, or Hagreb, is the capital of Croatia, which forms one of the three parts of Jugoslavia, or the Kingdom of the Serbs, Croats and Slovenes.

Crown Prince Alexander has been acting as regent of Serbia for several years for his father, King Peter I. Recent reports have been that King Peter was in very poor health and that he would soon abdicate the throne in favor of Alexander. The Serbian Crown Prince left Paris, March 2, for Belgrade.

## SERIOUS ANTI-BOLSHEVICK OUTBREAK IN PETROGRAD

Official Russian Wireless Tells of Troublesome Railway Strike Fomented by Mensheviks.

By the Associated Press. LONDON, April 2.—Reports that a revolution against the Soviet Government has broken out in Petrograd are supported by an official Russian wireless dispatch received here which says that there is a serious strike of railwaymen in the Petrograd region.

The strike, it is said, was prompted by the Mensheviks and their social revolutionaries. "There is no transport and consequently there is no bread in Petrograd," says the dispatch. "The Mensheviks and the Social Revolutionaries are calling out the railway men and railway communication has been stopped. The Social Revolutionaries, who are the enemies of Denikine, Kolchak and the allied imperialists."

## WORK IS SPEEDED AT PARIS AFTER WILSON WARNS AGAINST DELAY

Decision Believed to Have Been Reached to Give France Temporarily Control of Saar Valley and to Grant Coal to Apply on Reparations Account.

By the Associated Press. PARIS, April 2.—Consideration of the question of reparations and the disposition of the Rhine Valley was continued by the Council of Four comprising President Wilson and the Premiers of France, Great Britain and Italy, when the session of the council was resumed today. It is understood to be probable that at least three more days will be spent on these subjects. American financial experts were called into the session today.

King Albert of Belgium, who arrived from Brussels yesterday by airplane, visited President Wilson today. It is stated authoritatively that the conference are more hopeful. Distinct progress was made at the session yesterday of the Council of Four, particularly regarding the Rhine Valley. The indications are that the French will get coal from the Saar Valley, which will be charged against their share in the reparation.

The first plan was to give France economic control of the Saar coal fields, so as to offset damage to the coal mines of Northern France. France was not to have political control over the large German population in the Saar Valley, which would remain with Germany. The plan proved objectionable and one of the chief quibbles of the Council of Four.

The main objection was the divided control by which France would be unable to operate the mines effectively, prevent capacity to enforce authority when the Germans were exercising political control.

The new plan, therefore, seeks to combine French economic and political authority for a temporary period until the productive capacity of the mines in Northern France is restored. Industrial production revived and the prostitution due to the war ended. It is estimated that five years will be required to restore the mines to normal, and this probably gives an idea of the length of the proposed joint control by France.

The fact that the council would be considered advantageous chiefly to Germany annexation of Alsace and Lorraine, in 1870.

The proposal was first advanced as concerning the Saar region only, but it is regarded now as equally applicable to the left bank of the Rhine as a possible basis of agreement.

A new phase of the question of reparations is also being presented in the proposal to avoid stating the treaty as a condition of the peace, but to state that the treaty is a consequence of the peace, and that the reparations are a result of the peace.

No Full Session Saturday. The French Ministry of Foreign Affairs approved the proposal of George Nicoll Barnes, the British delegate for a plenary meeting of the conference on Saturday.

King Albert of Belgium, who arrived yesterday in an airplane, probably saw President Wilson regarding Belgian interests.

What is construed as a warning that the world could not long count on a delay in the signing of the peace, was delivered to allied premiers and military representatives of the Associated Powers by President Wilson Monday when a late hour he arose during the session, taking place in President Wilson's study.

## TREATY NOT TO NAME REPARATIONS TOTAL

Commission May Fix Sum Due Afterward—German Financial Commission Arrives at a Chateau Near Compiègne.

By the Associated Press. PARIS, April 2.—Consideration of the question of reparations and the disposition of the Rhine Valley was continued by the Council of Four comprising President Wilson and the Premiers of France, Great Britain and Italy, when the session of the council was resumed today. It is understood to be probable that at least three more days will be spent on these subjects. American financial experts were called into the session today.

## HOUSTON LOOKS FOR RECORD YEAR IN ROAD BUILDING

Secretary Says That if All States Take Advantage of Federal Aid a Total of \$343,800,000 May Be Expended.

## OBSTACLE OF FREIGHT RATES TAKEN UP

Department's Construction Officials to Maintain Closest Touch With State Highway Departments.

WASHINGTON, April 2.—Adoption of the plans to expedite highway construction under the enlarged program recently authorized by Congress are expected to result in more miles of roads being constructed this year than in any previous year in the nation's history. Secretary of Agriculture Houston announced in a statement issued today. If all states take advantage of the opportunity offered and make available for road building sums equal to those apportioned by Federal road officials, a total of \$343,800,000 may be expended.

As the result of a conference, March 1, between the Secretary and Highway Commissioners of Eastern and Middle Western states, the Department of Agriculture, through the Bureau of Public Roads, has taken up with the Railroad Administration the question of freight rates, which are represented as being one of the principal obstacles in the way of active resumption of highway building.

The matter is under consideration by Government railway officials and a decision is expected soon. Secretary Houston also has taken up with Secretary of War Baker the question of releasing from the army highway engineers, in order that their services may be utilized.

**Effect of War on Roads.** "During the war," Secretary Houston says in his statement, "it was necessary to curtail road construction because of the difficulties of obtaining transportation materials and services. Now that the situation has changed, the work will be resumed and vigorously prosecuted, notwithstanding conditions are still abnormal in some respects, especially with reference to the prices of materials. It is not believed the people of the nation can wait for prices to recede before beginning industrial operations. Such hesitation will add to the difficulties instead of lightening them."

Secretary Houston then discusses the amount of money available and says it is so great he doubts whether states in all cases will take up their share of the funds offered by the Federal Government until 1920.

Under the Federal laws, Secretary Houston says, the various state highway departments have been strengthened and developed most satisfactorily, and he points out that the existence of an effective central highway agency in nearly every state actively co-operating with the Department of Agriculture makes it possible to speed up road building more rapidly than any other branch of public works.

The road construction officials of the Department of Agriculture, the statement asserts, plan to maintain the closest possible touch with the state highway departments, and it is contemplated the American Association of State Highway Officials will be requested to designate some of its members to serve on an advisory committee to co-operate with the department in the administration and execution of the Federal aid road act.

**Limitations on Types.** In discussing the acts as amended, Secretary Houston points out that it places only three limitations on the types of roads to be constructed. These are:

That the roads shall be substantial in character; that the amount contributed from the Federal treasury in connection with any road shall not exceed \$20,000 a mile, and that the road must be a "rural postroad" as defined in the act as amended. Under the original wording of the law, Federal funds could be expended only upon roads upon which the mails "now are or may hereafter be transported." The definition of the term "postroads" now has been changed in such a way that very few important roads will be debarred from receiving Federal aid, if all the requirements of the act are complied with.

## JUSTIFIABLE HOMICIDE VERDICT

Fruit Merchant Who Struck Man Is Exonerated.

A verdict of justifiable homicide was returned today by a Coroner's jury at the inquest into the death of Jerome P. Brennan, 34 years old, 714 Albert avenue, a department store salesman, who died Monday from injuries suffered when struck by Tony Lombardo, 21 years old, 713 Wash street, a fruit merchant, Saturday night. Brennan, after a dispute with Lombardo near Seventh and Morgan streets, was felled. His head struck the sidewalk, fracturing the skull.

## Woman Army Doctor Is Home From France

Isabel Gray of St. Louis Assisted in About 800 Operations in Argonne Drive—Worked in Commandeered German Hospital After Drive—Wounded Germans in Pitiable Condition From Lack of Supplies.

By Marguerite Martyn.

DR. ISABEL GRAY, St. Louis woman physician, has returned from six months' active service in the Medical Corps of our army in France, with a fund of experiences gained in the Argonne advance and another rare experience, that of working in a German hospital after the armistice.

Dr. Gray was one of seven women contract doctors admitted with official rank to the U. S. Army Medical Corps. After severest training and testing in everything an army doctor is supposed to know, and do, both upon the professional and military sides, these women were taken over to France with the army as anesthetists. Dr. Gray was qualified and did in emergency any task that came to hand in the trenches that followed close up behind the lines in the Argonne drive, but so great was the need for anesthetists that it was here she found herself most useful.

**Assisted in Many Cases.** There were in five weeks 12,000 operations requiring anesthesia in the A. E. C. Base 119, to which Dr. Gray was attached, and while she evades any acknowledgment of what was her own personal part in the work, by indirect inquiry one deduces that she must have assisted at some 500 of these operations in that time.

She returned on transport duty as morale officer in charge of a group of patients suffering from nervous and mental disorders, and arriving in St. Louis on leave has asked for her discharge. She wears upon her uniform insignia testifying to service in the Argonne advance and all the other emblems of her branch of service except the silver bar, to which, were she a man, her rank would entitle her.

About Jan. 1 a German hospital in occupied Belgium had been commandeered by the French and 500 patients, 22 officers and a corps of 25 doctors and nurses were sent to St. Louis where Dr. Gray's unit was operating.

"The German officers all had their wives with them and most of the nurses were wives of the doctors," she told me. "The patients were in the best of health, but the hospital was in a state of chaos. We worked four days getting the paper dressings, cretine and lace curtain bandages off them. It would take hours to unwind one of the paper dressings. The dressings had not been changed since October. All the patients were yellow with sepsis poisoning. Fractured femurs, compound fractures, amputations, all had been neglected. Many of the amputations had been so badly done they had to be done all over again."

"I asked the German doctors how these things had happened. They said they had been obliged in the pressure of work to let the worst cases suffer while the better were attended to; that the fifth was due to lack of soap, warm water and bandages."

## MEXICAN OFFICIAL DENIES LAND WAS SOLD TO JAPANESE

Department Declared Not to Have Authorized Selling of Rights in Lower California.

MEXICO CITY, April 2.—Salvador Gomez, chief of staff of the Department of Agriculture and Development, officially denied last night reports that Japanese subjects have bought lands in Lower California. His statement says: "I can say that up to the present there has been no sale of lands in Lower California to Japanese subjects; neither has the Department of Development authorized anything giving foreigners rights to large extensions of lands in that section."

"Moreover, since our constitution prohibits the sale of national lands, this department, in accord with President Carranza, is giving special attention to all matters referring to Lower California. Concessions of territory in that part of the republic, which have been authorized, have been for a reduced number of hectares and to residents of various small villages of that territory, following the policy of creating small land holdings, with the object of favoring the natives."

Baron Fugitaro Otori, Japanese Minister to Mexico, issued the following statement: "A tempest in a teapot has been created and I think the importance of the matter is exaggerated. The question is due to some political maneuver caused by the nearness of the next presidential campaign. It may be declared that there are no concessions in Lower California; but favor the interests of my country. Only one town of Mexico exists a small Japanese agricultural colony that cultivates rice, but this is absolutely lacking in importance."

## Officer and Flying Cadet Killed.

By the Associated Press. SAN ANTONIO, Tex., April 2.—Lieut. Walter A. Byrne of San Francisco and Cadet Parker D. Buck of Cincinnati, attached to Kelly Flying Field here, were killed yesterday in the fall of their airplane three miles from the field. It was announced today that the bodies were badly burned. Belated word of the accident was brought to the field by a passerby, who witnessed it.

DR. ISABEL GRAY

the complete failure of surgical supplies and dressings. The German surgeons watched our work upon their patients with frank admiration, and the whole corps stood amazed at our abundance of supplies.

"Our medical corps frequently worked under the handicap of insufficient water, coal and wood."

"Our next war ought to be so enormous steam laundries attached to fill our hospitals," spoke the true soldier ready for the next war. "Otherwise we were well equipped. We had everything in the way of drugs, surgical supplies, X-ray apparatus and dressings. The dressings and hospital garments made by the women of America were a never failing delight. At a triage in the Argonne Forest we opened some cases which had labels indicating they had been sent by a Red Cross unit of the Second Baptist Church of St. Louis."

**Ranked as First Lieutenant.** Dr. Gray was accorded the rank and pay of a First Lieutenant in our army. Although she took and passed the same medical, physical and military examinations as a male doctor, she was allowed no insurance, no commutation of quarters, no increased pay for foreign service, no insignia of rank. She justifies the Government in these discriminations on the grounds that, though prepared by the same drills as men, women never would be asked to go guard duty, nor to replace officers in the command of troops in actual combat.

Dr. Gray left 10 pounds in weight in France, but gained a wonderful color. At no time did casualty touch her except once, when she ate gas food, though the hospital at that time was under fire. She was in the hospital for 10 days, and on the 12th at 12 o'clock every night, aimed, ostensibly at railway stations and ammunition dumps near by.

"It became just an incident having part of a roof tumbled in," said the doctor. "You didn't feel in danger, you felt safe in the hospital, seeing how much more danger there was out where our patients just had to be."

The Mayor made his campaign on his record in office and on pleas for Republican party support on the basis of national party lines. The complete returns show that Chicago was less than 25,000, whereas last fall the Socialist vote was 67,625 and two years ago 102,696.

## CROWD EXPECTED TO HEAR BAINBRIDGE COLBY ON FRIDAY

Former St. Louis Lawyer and Former Shipping Board Member Will Speak on League of Nations.

Arrangements are being made for a capacity crowd at the mass meeting at the Odeon Friday night, when Bainbridge Colby, former St. Louis lawyer, and former member of the United States Shipping Board, will speak on "The League of Nations."

Former Judge Albert D. Norton will preside. Colby will arrive in St. Louis on an early train Friday and will be met at the station by a Reception Committee.

Dispatches from Washington state that Bainbridge Colby is a close personal friend of President Wilson, who he has to say in many respects reflect the President's attitude.

Arrangements to have Colby speak in St. Louis were made when it was learned he planned to make a series of speeches in Missouri in favor of the league of nations. An invitation asking him to deliver his first lecture here was sent by a number of prominent St. Louisans and immediately accepted.

Recently he promoted the Missouri Society of New York, of which he is president, and whose members are former Missourians like himself. Following his speech here, Colby will go to Kansas City, where he will also speak.

## Disabled Culgoa Arrives.

NEW YORK, April 2.—The naval supply ship Culgoa, carrying 194 disabled troops, which was recently reported in distress southeast of this port, arrived here today from Brest, after taking 28 days in making the passage across.

## MAYOR THOMPSON OF CHICAGO RE-ELECTED

Democrats Elect City Treasurer, City Clerk and Majority of the New Council.

By the Associated Press. CHICAGO, April 2.—Complete returns today from yesterday's municipal election show that William Hale Thompson, Republican, was re-elected Mayor for a term of four years by a plurality of 17,000 over Robert M. Sweitzer, Democrat, his nearest competitor, and the city went "wet" by a majority of 247,028.

Four other mayoral candidates were in the field—Maclay Hoyne, Independent Democrat; John Fitzpatrick, Labor; John M. Collins, Socialist; and Adolph S. Carr, Social Labor. The total vote for Mayor was 688,381 out of a registration of 792,000. At the mayoralty election four years ago Thompson defeated Sweitzer by more than 147,000 votes.

Analysis of the vote for Mayor indicates that Hoyne drew heavily from the normal Republican vote, while Fitzpatrick cut into the Democratic vote, and that in West Side Democratic wards Sweitzer failed to poll the usual party vote.

**Subjoined are figures for the six mayoral candidates:**

	Men	Women	Total
Thompson	147,248	98,010	245,258
Sweitzer	147,248	98,010	245,258
Fitzpatrick	41,250	13,117	54,367
Collins	14,400	4,800	19,200
Carr	14,400	4,800	19,200

**Blitz Campaign.** The campaign was perhaps the most bitter contested in Chicago. Partisanship, religion and racial feeling resulted in demonstrations toward the close to an extent that frequently called for police interference.

Although other city officials were on the ticket, including one Alderman for each of the 35 wards, the excitement over the mayoralty race overshadowed these, as well as three financial propositions and the prohibition question, which appeared on the "little ballot" accompanying the regular ticket. The vote on the "little ballot" proposition "shall Chicago be dry territory?" was won by the wets without contest by the "drys." The returns on this proposition from 2215 precincts showed:

	Men	Women	Total
Wets	67,707	78,325	146,032
Drys	147,248	98,010	245,258

Among Aldermen re-elected was Michael Kenna (Hinky Dink), who has been a member of the City Council from the First Ward continuously for 28 years.

**Democratic Council.** The Democrats elected a City Treasurer and City Clerk and the Republicans elected a Superior Court Judge and a Municipal Judge. The "dry" proposition "shall Chicago be dry territory?" was won by the wets without contest by the "drys." The returns on this proposition from 2215 precincts showed:

	Men	Women	Total
Wets	67,707	78,325	146,032
Drys	147,248	98,010	245,258

In the new Council the Democrats will have a substantial majority over the Republicans, the body being made up of representatives of these two parties. The Democrats will have a voting strength of 45 and the Republicans 25 as the result of the election. 15 of the candidates being new men.

The Mayor made his campaign on his record in office and on pleas for Republican party support on the basis of national party lines. The complete returns show that Chicago was less than 25,000, whereas last fall the Socialist vote was 67,625 and two years ago 102,696.

**Rings Elected Over Three Opponents at St. Charles.** Louis, Mo., 13 years old, who was petitioned by 300 citizens March 11, at his golden wedding, to be a candidate for Mayor, was elected over three other candidates yesterday in the nonpartisan election at St. Charles.

Former Mayor Edward Greenwald by a majority of 547, and William F. Achelpohl defeated Aldin D. Wolter for City Attorney by a majority of 91. Benjamin Raus was elected City Assessor by a plurality of 281 votes, over William D. Wilke and Daniel Cavanagh.

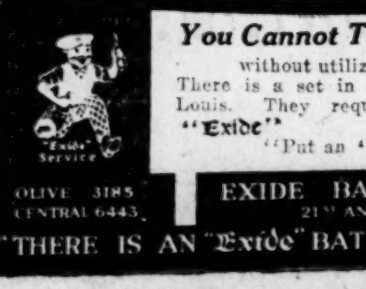

The race for Councilmen resulted as follows: First Ward, William E. Weinrich, 149; George Bernauer, 148; Second Ward, Fred W. Meyer, 169; Third Ward, Frank Cullom, 169; Henry Auster-Schmidt, 168; Fourth Ward, Frank Westler, 153; Ira Jones, 115.

Complete returns show seven out of 21 precincts in the county indicate that Benjamin H. Jolly has been elected Superintendent of County Schools over Theodoros Risko.

## ALUMNAE CONVENTION IN BUSINESS MEETING

"The College Woman and the Rural School" Subject at Round Table Luncheon.

The third day's meeting of the Association of Collegiate Alumnae, at the Planters Hotel, opened today with a general business session. Reports were received from committees and from the School Patrons' Department, N. E. A., and the National Council of Women.

The subject at the round table luncheon was "The College Woman and the Rural Schools," with Mrs. Margaretta Neale as the speaker. An automobile ride followed. At 7 p. m. there will be a banquet, with Mrs. Philip N. Moore, president of the National Council of Women, as toastmistress.

Six fellowships were awarded as follows: Sarah Berlin, research fellowship to Dr. Olive Swazy, graduate of the University of California; European fellowship to Miss Helen E. Patch, graduate of Mount Holyoke College; Anna C. Brackett, fellowship to Miss Helen E. Patch, graduate of Mount Holyoke College; European fellowship to Miss Margaretta Neale as the speaker. An automobile ride followed. At 7 p. m. there will be a banquet, with Mrs. Philip N. Moore, president of the National Council of Women, as toastmistress.

In an address at the open meeting of the association held in Graham Chapel of Washington University last night, Dr. Henry E. Jackson of Washington, D. C., urged that the universities and colleges of the country provide courses for the training of community center secretaries. He said such courses had already been established at the University of North Carolina, and that four other prominent universities have the matter under consideration. Jackson is specialist in community organization of the United States Bureau of Education.

**Community Center Idea.** Jackson said the community center movement was not an ideal, but that it had been proved a practical success. There is a definite, concrete program for every community that wishes to unite in creating a spirit of friendship and mutual understanding, he said. He advocated the erection of community center buildings as memorials for the soldiers who gave their lives in the world war, declaring such living, useful memorials are meeting with favor never accorded the conventional stone placed in graveyards among the dead.

Dr. John W. Withers, superintendent of instruction in the St. Louis public schools, spoke on the general subject of educational reconstruction. An address of welcome was delivered by Dr. Frederic Hall, Chancellor of Washington University.

**Marine Who Lost Leg Elected.** Park Commissioner of Topeka, Y. M. C. A. Worker Wins for Mayor.

By the Associated Press. TOPEKA, Kan., April 2.—Herbert J. Corvine, Democrat, was elected Mayor of Topeka over W. G. Tandy, Republican, with a narrow margin. Corvine has been a soldier in army Y. M. C. A. work recently.

Serg. Robert McGiffert, a marine, who lost a leg in the battle of Chateau-Thierry, was elected Park Commissioner.

**Baker to Go to France Monday.** By the Associated Press. WASHINGTON, April 2.—Secretary Baker will leave Washington Sunday morning for France, where he will assist in winding up business affairs of the army and make a few inspections. He said his stay abroad would be brief.

**Capable Workers Who Want to Better Themselves.** READ THE "HELP WANTED" ads.

**Superb Silks Stored in Our Vaults**

A local importer recently brought several bolts of exquisite silks to our Safe Deposit Department for safe keeping. Claiming that our storage charges were less than theft insurance would cost him during his "dull season."

Other retailers, jobbers and manufacturers' agents also entrust their most valuable merchandise to us—laces, photo lenses and all sorts of rare and costly goods which are temporarily not required.

Can we not render you a similar service? Ask about our special cubic-foot storage rates by the month or year. We call for and deliver the goods on request.

## ADVANCED SURGERY TO BE FEATURE OF NEW ST. LOUIS HOSPITAL FOR SOLDIERS

Artists and Sculptors Will Work With Surgeons in Facial Reconstruction—Elaborate Arrangements Made for the Work.

Oral and plastic surgery, which means the refashioning of the human face by skin grafting, and which is called "facial surgery" by the layman, will be specialized in at the United States Army General Hospital No. 40, at 5800 Arsenal street, now ready to receive the first contingent of wounded and sick soldiers from overseas to be sent to St. Louis for treatment.

The hospital formerly was the city infirmary or poorhouse. It has been converted into what members of the Army Medical Corps pronounce one of the most modern and up-to-date institutions of its class in the country.

While the activities of the physicians and surgeons in charge will embrace every field known to modern science in reconstructing maimed and wounded soldiers and sending them out among their fellow men whole, the oral and plastic surgery work, says Col. E. J. Edgar Jr., commanding officer at the hospital, will be one of the most interesting and important of the soldier's treatment. To carry on this work a staff of specially trained surgeons, technicians, artists, sculptors, photographers and others will be required.

When a patient, suffering from a wound in the face through which part of his features have been destroyed, is received at the army hospital here, he will receive the special care of a staff, especially selected for this work.

Photographers will take pictures of his wound. The surgeons will make a thorough examination and determine as nearly as possible just what steps are necessary in the reconstruction work to restore the patient's face to as near a previous status as possible. Dentists, whose headquarters will be in the same building, and who have been supplied with the best and most costly material the Government can buy, will fashion gold or silver or platinum plates to take the place of missing teeth and restore the contour of the face, and bones will be "transplanted" to shape the jaw where that portion of the face is missing.

**Sculptors to Furnish Models.** Sculptors will furnish perfect models of the human face, taking the patient as their subject and fashioning from plaster parter a cast showing how the patient should appear. With these as their guide, the surgeons in charge will graft skin from the arm or other portions of the patient's body, and this will be held in place until such time as it becomes attached to, and is a part of, the face.

Photographers and artists will place on canvas portraits of each stage of development in the case until the patient is finally discharged as cured. The artists who will have charge of this end of the work have been specially trained for their duties and will have their headquarters in the building in which the patient is confined.

During the entire process of reconstruction the patient is spared the embarrassment of appearing before the eyes of the curious by being taken from his ward to the operating room in which each stage of the reconstruction work is being accomplished, through "ramps."

These "ramps" are enclosed passages built especially for this purpose. They also tend to avoid any danger of a patient falling in going from one section of the hospital to another, the passageway being on a gradual incline which obviates the necessity of stairs. At no time is it necessary to descend.

Approximately 50 nurses will be on duty, the chief of whom will be Miss Caroline Giken, who was head nurse at the base hospital at Camp Travis, Tex., and formerly served at Barnes Hospital. Her assistants will be nurses who worked under her at Camp Travis, and who have been especially recommended for the work to be undertaken here.

**Nothing Is Overlooked.** The professional staff of the hospital will be divided into surgical, medical and laboratory divisions and will be composed of specialists in each of these branches. Those of the surgical staff will have charge of the X-ray and photographic laboratory, which has been fitted up with the latest surgical devices known to science. This branch also will include the subdivision which will have charge of the Maxillo-facial division of the hospital. The laboratory staff will have charge of the bacteriological, pathological and chemical laboratories, where vaccination, serum administration and animal experimentation will be carried on.

Approximately 200 enlisted men of the Medical Corps will be on duty to aid the surgeons and physicians and nurses at all times. Of the 25 officers in charge of the work at the hospital, the majority will come from the medical and Quartermaster's corps. Two dietitians also will be on duty to prepare the more elaborate diet necessary for some of the patients.

The hospital will be furnished with its lighting and heating facilities by the city sanitarian. All other facilities, however, will be under the direct supervision of the hospital staff.

The central kitchen in which all food will be prepared, will employ a number of the city sanitarian's cooks. The food from this kitchen will be carried to the various messes and special diet kitchens established in all the wards, in specially constructed containers on food carts. These containers are the invention of Lieutenant-Colonel Dear, of the Medical Corps of the United States Army, and only recently were developed. Food carried in them loses less than one degree of a degree of temperature in the course of two hours after being taken from the kitchen, according to Col. Edgar, and thus may always be served warm to the patients.

Messrooms for officers, nurses and civilian employees, and dining rooms for special officers and sick officers have been established.

An approximate idea of the immensity of the central kitchen may be gained when it is stated that at one end of it are installed two coffee boilers and four dripping pots with a capacity of 100 gallons each. Electric ice cream freezers, potato peelers and meat choppers also have been installed to aid in preparing the food, which is cooked on a battery of the latest and most modern steam cooking devices and ordinary gas ranges.

**Cafeteria Idea Carried Out.** As nearly as possible the cafeteria idea of serving food will be carried out. A modern cafeteria has been fitted up in the main building of the hospital. It is arranged in such manner that a man entering the building is not compelled to pass any other man in it. The patient enters one door, obtains his food and passes out another door. "Walking canteen" and the enlisted men on duty at the hospital will be fed here. Special tables have been supplied for men who have suffered amputation of a leg. The cafeteria has been fitted up with the most modern conveniences. To expedite the serving of meals, dishwashing machines have been installed in one side of the room, and where one man finishes a meal the dishes are placed in these machines and come out clean and ready for use by the next diner.

Recreation and lounging rooms, in which convalescing patients may spend their leisure time, also have been established. The main recreation room adjoins a four-chair barber shop.

## An Avalanche

of

Want Ads

Last Sunday the Post-Dispatch printed the largest number of "Real Estate and Wants" in its history, viz:

8694

Not only does this tremendous total beat all previous Post-Dispatch achievements, but it stands absolutely unparalleled in volume of "Real Estate and Wants" printed by any St. Louis newspaper on any one day on any previous date.

The Post-Dispatch alone carries more "Real Estate and Want Ads" than all 4 of the other St. Louis newspapers put together.

The remarkable growth of the Post-Dispatch in this, as well as all other departments of advertising, is due to the champion pulling power of the advertising columns of St. Louis' "One Big Newspaper."

**Why? Guaranteed Circulation!**

The POST-DISPATCH guarantees a circulation in St. Louis, every day in the year, daily or Sunday, more than double that of the Globe-Democrat or any other newspaper.

change, to which supplies are furnished by the Government at wholesale, and which are sold to the retail at a nominal price. The laundry work of the hospital is to be let by contract.

The building in which the oral and plastic surgery work will be carried on is that which formerly was used by the city as an isolation hospital.

**Place for Experiments.**  
In the laboratory building, to the west of the main building, other modern devices to carry on the required work have been installed. Here the administration of anti-diphtheria, anti-tetanus and anti-phosphorus serum will occur. In the basement post-mortem examinations will be held and such experiments as are deemed necessary to the staff will be made.

A Red Cross hut has been established near the medical supply officer's headquarters, where patients will find another recreational room such as is maintained by the Red Cross in all its huts, and where articles which soldiers obtain in all huts of the organization may be found.

Six ambulances will be maintained by the hospital. Arrangements have been made for patients to be brought to the rear of the City Sanitarium on a spur track running to that institution, from which point they will be conveyed to the hospital. The patients will then be taken to the ward in which they are to receive treatment. In each of these wards all the beds have been washed with soap and water before being installed. Each bed stands 27 inches high and is equipped with the softest and most sanitary mattress money can purchase. Two pillows, one of hair and the other of feathers, are also supplied each bed. Hardly. The blankets are the regulation army all-wool blankets, and all the bath towels are of a superior quality.

Nurses in charge of the wards are saved much labor in administering to the patient, due to the height of the beds, which obviates the necessity for the attendant bending over the patient when administering medicine.

**Portable X-Ray Machines.**  
Portable X-ray machines are among the equipment placed by the Government at the disposal of the surgeons. Where the patient's condition is such that to move him might endanger his life, these machines will be wheeled to his bedside and operated without disturbing him. Portable bathtubs also are on hand for the use of patients unable to leave their wards.

The main X-ray laboratory and dental offices will be maintained in the operating pavilion, where also will be found the recovery ward, where patients who have undergone operations convalesce.

The quarters of the nurses, officers, enlisted men and civilian employees are modern, but in each instance simplicity in every detail has been adhered to. The officers at the hospital stated that, in addition to these quarters facilities for the relatives of wounded men who may come to visit them are contemplated.

The hospital garden, which is being prepared now for cultivation, and which will be cared for by civilian employees, is expected to furnish the hospital with all vegetables and strawberries consumed by the institution.

Fire protection is afforded the hospital by the organization of the fire personnel into fire brigades, with chemical engines, hose companies and bucket and ladder brigades.

**Government Generous With Supplies.**  
Officers at the hospital yesterday said the Government had been more than generous in furnishing the supplies needed. "We have received an abundance of everything we asked for," one said, "and in fact have received larger supplies of certain articles than we will be able to use."

Finishing touches on the various ward rooms, mess, operating and laboratory quarters are being put on this week by painters, but everything will be ready for the arrival of the first patients.

NOW FOR THE BEST IN EVERYTHING! Go after your goal with all that's in you. Let Post-Dispatch "Want" ads help you.

## RECORD OF DEATHS IN THE CITY HOSPITAL LAST YEAR

There Were 17,685 Patients Admitted and 2,118 Died—3192 Influenza Cases.

Figures made public today by Dr. Rolla S. Henry, manager of the city hospital, show that while the number of patients admitted for all causes during the fiscal year ended March 31 is about the average yearly number, there were more deaths than in any recent year, due to influenza.

There were 17,685 patients admitted in 1918-19 and 2,118 of these died. The year before 17,980 were admitted, 1,850 dying.

Influenza cases received in the year (most of them during the fall and winter) totaled 3,192, with 462 proving fatal. The first two influenza deaths at the hospital occurred Oct. 5. October was the severe period of the disease in St. Louis and the hospital received 637 cases of it for treatment in that month. In the same period 128 influenza patients died, or about 20 per cent, and over 25 per cent of the deaths from influenza for the whole year.

New cases of all kinds received last October were 2,028 and there were 238 deaths then, as compared to 1286 cases and 124 deaths in October, 1917. There was a slight flare-up of the epidemic in January, but this did not appear to a great extent at the city hospital.

The city hospital receives an average of about 50 patients a day. The average stay of patients is about 15 days, but a woman recently died there who had been a patient 11 months, and more lingering illnesses are not infrequent. Many cases are discharged within 24 hours.

# Clothes That Express Individuality

**THE** outstanding fact about clothes is that they tell a powerful lot about the man who wears them. People take it for granted that a man's clothes are at least an expression of his individuality.

**Reflecting Spirit and Individuality** That makes clothes an important matter in any man's life—particularly the young man who still has his dent to make.

A young man today has a great deal to live up to. Youth found itself in the War—found that it is the greatest living force in the world.

If clothes are to express the present-day young American, something of this **FEEL** has got to get into the clothes.

That is just what the designers for **The HOUSE OF KUPPENHEIMER** have

done in their authoritative Styles for Spring.

In short, clothes in tune with the times — the Keynote of *In Tune with the Times*

Kuppenheimer Clothes success, season in and season out. And back of style and fit—to make them last—the old reliable Kuppenheimer standbys: quality fabrics and fine tailoring.

Your Kuppenheimer dealer has the thing you are looking for. Fabrics that have life. Style that reflects the buoyancy and vim of the young man looking the world confidently in the face. Design that sets off the grace and strength developed by the training camp and battlefield.

It's not what clothes cost, but the service you get out of them that counts. Good clothes are always the cheapest in the long run.

## WOMAN GETS \$4000 VERDICT

Verdict Against P. de C. Ball, Browns' Owner.  
Mrs. Marie W. Flach of 736 West 12th avenue was awarded \$4000 damages by a jury at Clayton yesterday in her suit against Philip de C. Ball, principal owner of the St. Louis Browns and president of the Mound City Ice and Cold Storage Co., whose automobile injured her at Hamilton avenue and the Hadamont line June 17 last.

## Dr. Carter's K. &amp; B. Tea Makes Finest Home-made Laxative Syrup

Easily Prepared—Two Pints Cost Almost Nothing but Is Prompt, Sure and Effective.

Ready-made laxative syrups for children are costly. By making this at home you not only save practically \$1.50 but you will have a much more prompt and effective preparation.  
Simply obtain from any drug store a package of Dr. Carter's K. & B. Tea. Put contents in a bowl. Add 1 1/2 pints of boiling water, cover and allow to stand for 2 hours. Strain, add 1 pound of sugar and stir until dissolved. Flavor with either essence of peppermint or wintergreen according to taste.  
Dose for adults, 1 tablespoonful each night or night and morning until a regular movement of the bowels is effected. For children, 1 teaspoonful more or less according to age.  
For a real springtime tonic and blood purifier, 1 teaspoonful every night or every other night for at least three weeks.  
Put this recipe out and paste it on the bottle—ADV.

## DROWSY, LANGUID, COPY WITH COLD?

Dr. King's New Discovery restores the alertness of yesterday.

That "all in" feeling that accompanies a heavy cold and ceases only to be replaced by one of restful repose and gratifying relief when you use Dr. King's New Discovery.

Feverish flushes, phlegm congestion, throat ache, croupy coughs, mild bronchitis are alleviated in short order. Fifty years of curing colds and coughs have made it known nationally. Sold for fifty cents, 60c and \$1.20.

## The Poisons of Constipation

Get gently but positively expelled from the suffering system by Dr. King's New Life Pills. Bile, excess of acids, black headache vanishes, the digestion perks up, general health improves. Your druggist has them same as always. 25c.—ADV.

## Harlem Oil Kidney Treatment Made Easier

If you have backache, drowsy, puffing, rheumatic joints, Lumbago or other symptoms of Kidney and Bladder trouble, try this concentrated form of an old and famous remedy.  
Ask your druggist for a dozen of HARLEM OIL Kidney Treatment. Follow the directions on the box.  
Don't say half the money and half the suffering of other Harlem Oil preparations when you make use of the pure, genuine Harlem Oil in its strength.—ADV.

## RESULTS IN ELEVEN TOWNS IN COUNTY HAVING ELECTIONS

Charles Stewart, Independent Voters' League Candidate, Chosen Mayor of Maplewood Over McGregor.

Local elections were held yesterday in 11 municipalities in St. Louis County. Results were as follows:

**At Maplewood:** Charles Stewart, the Independent Voters' League candidate, was elected Mayor with a vote of 637. His opponent, George A. McGregor, received 566 votes. The Independent Voters' League also elected its two candidates for Commissioners, Hubert J. La Faurie and John Vogel. They defeated Joseph M. Falkner and Lenden McGuire. Three members of the School Board elected were: N. N. Nunn, J. J. Bridell and E. P. Lille.

**At University City:** Mayor August Heman was re-elected to a third term with a vote of 527. Marshal John Willmann, unopposed for re-election, received 528 votes. A. A. Ladd received the same vote in his re-election as Police Judge. E. H. Powers was elected Collector of Revenue with a vote of 524. In the First Ward Walter L. Crane defeated Arthur W. Schisler for the Board of Aldermen, short term, with a vote of 187. W. W. Butts was selected for the long term with 335 votes. The Second Ward elected H. J. Hopkins, 79 votes, and the Third Ward elected Bert Belleville, 109 votes. L. T. Ward and Thomas L. Mauldin were elected School Directors, the former receiving 516 votes and the latter 529. The proposal to increase the school tax from 70 cents on the \$100 to \$1.07 and for the creation of a building fund was carried by a vote of 410 for and 311 against.

**At Webster Groves:** Carl H. Holcamp, candidate of the "Daylight" party, was elected Mayor with a vote of 731. G. H. Rautenberg, the "Moonlight" candidate, although he had previously withdrawn from the race, received 55 votes. The "Daylight" party was composed of voters having their places of business and residence in Webster Groves, and the "Moonlight" party was supported by those whose business interests are in St. Louis and who reside in Webster. Two "Daylight" candidates for the City Council were elected. They were Louis F. Booth, with 639 votes, and George J. Bopp, 439.

**At Glendale:** Howard Nichols, who defeated Edwin Holscher for Mayor by 10 votes, having received 63, is still a member of the Board of Aldermen from the Second Ward, having failed to resign from that position when he ran for Mayor. Another election will have to be held to select his successor on the aldermanic board. Frank Fuchs was re-elected City Collector, defeating Otto Keisker and W. P. Stead by 12 votes. Otto Keisker and W. P. Stead were elected Aldermen from the First Ward, and J. P. Evers was elected from the Second Ward.

**At Kirkwood:** Aldermen elected were Charles W. Disbrow, First Ward; H. C. Jefferies, Second Ward; James H. Ward, Third Ward, and J. E. Brock, Fourth Ward. A. B. Chapin and Henry Werrel were elected school directors, the latter with out opposition. Chapin defeated Earl C. Perry by 35 votes. Charles A. Jacobi was elected Police Judge. An increase in school taxes was carried by a vote of two to one.

**At Richmond Heights:** George W. McCready was elected City Marshal, and Richard T. Krohn, George C. Porter, George H. Skillman, G. W. Fidler, William H. Dushman and Arnold Mort were elected members of the Board of Aldermen.

**At Ferguson:** J. H. Kincaid was re-elected Mayor. John E. Flood was re-elected City Marshal, receiving 177 votes, his opponent, Robert Kane, polling but 20. H. Rudolph, Charles Bartlett, Charles G. Gray, Elmer Miers and H. A. Helbig were elected Aldermen.

**At Shrewsbury Park:** Joseph B. Ackfield, Frank Hartz, Paul C. Wehner, Frank A. Zimmerman and Norman Stewart were elected members of the Town Board of Trustees.  
**At Valley Park:** The following Board of Aldermen was elected: W. T. Vance, Mayor Young, Charles Schell, Andrew Pfendhauer, William Lloyd and S. J. Vagennan. R. G. Russell, Superintendent of Schools, was re-elected.

**At Clayton:** Mayor Kerth was re-elected without opposition. Jules Strong and C. A. Wolff, who ran for the Board of Aldermen from the Second Ward, each received 15 votes, but the election officials decided Strong was elected because Wolff who was a judge of election, had failed to file a certificate of his candidacy as required by ordinance. His supporters will appeal to the Board of Aldermen at its meeting next Tuesday for a final decision, contending that the ordinance conflicts with the State law governing elections. Other Aldermen elected were: John E. Eggers, First Ward; John Lynes, Third; Chris Rueni, Fourth, and Louis Denny, Fifth. Former Congressman Fred L. Benson was re-elected president of the School Board, as was also Director Adolph Gutman.

**At Unduland:** Four Aldermen were elected without opposition. Otis Rugh, former Mayor, was elected to represent the Second Ward. The others elected were John R. Sidebotham, First; John Brewer, Third, and C. E. Steffen, Fourth.

## Furniture and Homefurnishings Are Important Features

### Anniversary Sale of Holland Window Shades (Thursday Only) at Special Price Concessions

White, Cream or Ecru  
Holland Shades for the  
price of Opaque Shades.  
Blue or Green Holland  
Shades for the price of  
Duplex Shades.

We are offering, we  
believe, for the first time  
in St. Louis, Genuine  
Imported Scotch Hol-  
land Window Shades,  
made to order, mounted  
on guaranteed Hartshorn  
rollers, including fix-  
tures and fittings, at much less than regular prices.

We will measure, make to order and hang these  
best quality Shades complete for the same price  
you would pay for Opaque or Duplex Shades.

Here we illustrate the savings you can effect tomorrow  
on these high-quality Holland Shades compared to others  
—in size 3x6-ft.—

**\$1.73 Holland Shades, \$1.46**

These come in white, cream or ecru—and \$1.46 is the  
price you pay for the regular Opaque Shade.

**\$2.00 Holland Shades, \$1.56**

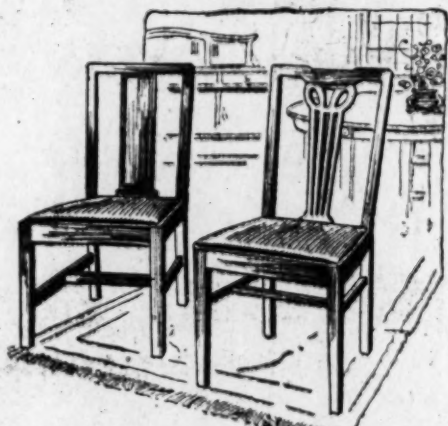

These come in blue or green and \$1.56 is the price you  
would pay for the regular Duplex Shade.

You can readily see that the saving is consider-  
able. All of the Shades are clean and fresh, and  
this price concession is merely another evidence of  
our determination to make our 69th Anniversary  
Sale a long remembered event in many homes.

Measures taken and deliveries made in from one  
to two weeks' time.

Phone orders accepted.

Curtain Shop—Fourth Floor.

many styles. An all-steel Day Bed with com-  
fortable spring has a comfortable mattress, a  
cretonne cover and pillow. A practical Bed  
for the sleeping porch or sun parlor. Specially  
priced. Anniversary Sale \$17.75  
price**

Continuing the  
Anniversary Sale of

**Cedar  
Chests  
\$14.95**

(Regular Price, \$18.50 and \$19.50)

Plain or Copper Trimmed

We are fortunate in being well prepared in quantity for this  
great Sale of Cedar Chests—and notwithstanding the splendid re-  
sponse our first announcement of Sunday brought forth, we still  
have plenty of the plain or copper trimmed in either varnish or  
wax finish to offer you.

Read the following specifications and you will be convinced that  
this is the greatest Cedar Chest price concession ever offered by us.

#### Specifications

**Construction:** Dimensions: 45 inches long, 19 inches high, 20 inches wide.  
Lock corners—each board dovetailed and glued—bottom set into  
sides, not merely fastened on. (See detailed illustrations above.)

#### Hardware:

Triple-action locks, strong hinges, casters and lid stay.  
(See detailed illustrations above.)

#### Finish:

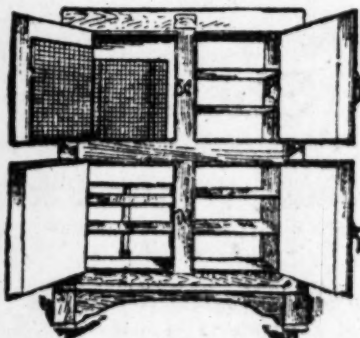

Made of selected 7/8-inch Red Tennessee Cedar in either  
waterproof varnish or wax finish.

These handsome Chests are designed, built and finished  
like a handsome piece of furniture and not like the ordi-  
nary Cedar Box.

### \$75 Royal Wilton Rugs, \$52.50

A large purchase of  
these attractive Rugs,  
which are renowned for  
their beauty and du-  
rability, enables you to  
secure them at a big sav-  
ing—and at the same  
time have the advantage  
of a large selection.

In the showing you  
will find the soft pastel  
shades and beautiful copies of fine Persian Rugs.

Wilton Rugs are made with a closely woven linen back, with body  
enough to guarantee the Rug lying smooth on hardwood floors.

#### \$65 to \$80 Shiraz Orientals, \$47.95

Rugs embodying all of the lovely coloring and mystery of the Orient—Rugs you will  
delight in studying—are offered at very special prices—due to a special purchase.

Here you will find Orientals which will blend with any color scheme you may have in  
your rooms or hall. The splendid-wearing qualities of Orientals is known to all. They  
are beautiful, refined and dignified as long as there is a portion of them left. Most of  
the Orientals in this group are 4x5 feet 9 inches in size.

#### \$8.50 to \$10 Art Loom Wilton Rugs, \$5.95

A fine linen back and a firm even pile of the best worsted yarns make the wearing  
qualities of these Rugs of the best. Plain taupe, blue, gray, rose and Oriental patterns.  
Size 27 inches by 54 inches.

#### \$2 to \$2.25 Velvet Hall and Stair Carpet, \$1.65 Yd.

1000 yards of splendid quality Hall and Stair Carpet, in small figures appropriate for  
use in rooms as well, is attractively priced.

#### \$2 and \$2.25 Inlaid Linoleum, \$1.50 Yd.

1000 yards of Inlaid Linoleum in tile and wood effects are offered at this big reduction.  
Ground cork, linseed oil and cement are used in the making of Linoleum—guaranteeing  
its durability. With proper care this Linoleum will last for a long period. Regular price,  
the square yard, \$2.00 and \$2.25. Anniversary Sale Price, the square yard **\$1.50**

#### \$1.25 Printed Linoleum, 95c Yd.

Printed Linoleum—made of ground cork and linseed oil, in small fig-  
ured, tile and wood effects, will wear splendidly with ordinary care.

## PRIZE PLAYS RELISHED AT THE ARTISTS' GUILD

Premieres of "Conquered Worlds" and "The Canary" Attract Capacity House.

By RICHARD L. STOKES.

Drama of, for and by the community enjoyed an agreeable disposition last night at the Little Theater of the Artists' Guild, where, before one of the largest and best-pleased audiences ever gathered at this miniature playhouse, works by two of the prize winners in the St. Louis Art League's drama competition had their premieres. Mrs. Susan M. Boogher, who won second award in the contest with "Security," withdrew it because it is a war play, and substituted her "Conquered Worlds," a comedy in two acts. Mrs. Emily Westwood Lewis presented her one-act play, "The Canary," which won first prize among some 50 submitted manuscripts.

"Conquered Worlds" is an elaboration of the familiar anecdote of the visit of Alexander the Great to the philosopher Diogenes. The first act reveals the youthful hero at Corinth, disconsolately receiving the submission of the city. Women and children, bearing ingratiating gifts, crouch in the dust. The disenchanted monarch mulls the expected platitudes concerning the vanity of empire, leaves the historic path for more worlds to conquer, and laments somewhat unconvincedly his desolation at finding on all the globe not a man, woman or child who dares withstand him. A flicker of animation is stirred in him by a sullen woman who approaches the throne with evident insurgency; she, too, at last kneels at his feet. He, Diogenes, the King's friend, and a certain dog of a philosopher, Diogenes by name, residing in a hogshead on the outskirts of the city, has alone of all men refused every command to bear his respects to Alexander the Great. The conqueror, suddenly revived by these tidings, horrifies the court by announcing his determination to pay a call upon the sage.

Diogenes and His Xanthippe. If there were nothing fresher than this in the play, it could be dismissed without further consideration. Instead, in the interest of dramatic economy, the entire first act might be omitted and never missed, if a few lines were inserted further on to express Alexander's disillusionment. But, to the delight of the audience, it was discovered at the beginning of the second act, that even the shaggy Diogenes, the curish philosopher of the cynic fur, squatted in his tub, had been unable to refrain from adding unto himself a young and comely wife. And it excited abled glee to find that, if Alexander was swayed because no one would resist him, Diogenes, another conqueror of the world, must be the most felonious of mortals. For his spouse, like Xanthippe, is amply competent and willing to inspire her sage with all the exercise in opposition that a reasonable man may desire.

She plunges upon him at once with a torrent of shrewdness, for she is the true woman who judges her husband's greatness solely by the material trophies he can bring home. She is the only wife in Corinth who has to keep house in a hogshead; girls with whom she went to school have fine palaces with bedsteads and slaves; she has nothing fit to wear, or she would have gone into the city to see Alexander. Why doesn't Diogenes imitate Aristotle, who got rich by flattering the King? Why, the imbecile has even forgotten that Alexander is in Corinth today; he can only remember that it is the anniversary of the day on which Socrates drank hemlock—the more fool he!

Meantime the cynic sits blinking in the sun, numbing such cryptic words as: "Ratiocination—mind—universe—freedom!" Or an occasional soothing: "Peace, peace, Elutra!" Yet one gets the impression that he is secretly rejoicing in these comical amenities, as in something beneficial to his soul, and that when he announces his determination hereafter to eat nothing but raw meat—which he does with lusty carnivorous munchings—he is merely pausing for a moment to replace his will with a bagatelle of defiance to his wife.

A Fraudulent Philosopher. It was, of course, the farthest thing from Elutra's mind that her failure of a husband might be the only man living whom Alexander would deign to visit. It was a clever and satiric stroke to cause her to fall asleep on the roadside and slumber profoundly while there occurred what to her would have been the event of a lifetime. For Alexander enters and stands in admiring contemplation of the sleeping sage. Again there is an impression that Diogenes is perfectly wide awake under his drowsy demeanor. He utters his "Please stand out of my sunlight" with the smugness of one who has rehearsed the phrase in his mind, and is fully aware that he is saying an immortal thing. That he is considerable of a fraud is still further indicated when Alexander, having departed, Elutra awakes, and finds a garland he has dropped from his hair, and is fully aware that he is saying an immortal thing. That he is considerable of a fraud is still further indicated when Alexander, having departed, Elutra awakes, and finds a garland he has dropped from his hair, and is fully aware that he is saying an immortal thing.

This play had the fortune of ending extraordinarily good acting. The part of Elutra was admirably taken by Mrs. Fay Baker Kirtle, a former St. Louisan, who has had professional experience on the stage. Harland Frazer looked and acted the part of Alexander. Gustavus Turkman's Diogenes was subtle in his suggestion of secret mischief. F.

Winston Johns was excellent at Hephaeston. The telling stage settings were designed and executed by Harland Frazer; Marguerite Brown was responsible for the able costuming, and the production was by the Artists' Guild.

First Prize Winner a War Play. "The Canary," following "Conquered Worlds," also enjoyed competent acting, in the hands of Mrs. Joseph A. Rouveyrol, as Jenny, employee of a British munitions factory; Miss Florence Grant, as Clara, another employee; Leslie H. Thompson, as John Risdell, an English soldier, and Dr. George T. Moore, as Mr. Hicks, superintendent of the factory. It is well known that the acids used in making high explosives kill the hair to a sad and deadly degree, and taint the skin of the face and hands with a leprous pallor—whence the nickname of "Canaries" for the girl victims of the fumes.

Clara is a complete "Canary," a horrible object lesson of what Jenny will in a few months become. "Clara" does not care, for she never had good looks; but Jenny has a sweetheart at the front who loved her pink cheeks and lustrous hair. There has been a poignant struggle in Jenny's heart between patriotism and her girlish wish to preserve her beauty for her lover. Patriotism has won irrevocably before the curtain goes up. But she is guilty of almost wishing that John Risdell may come home maimed, and therefore more willing to forgive her lost charms. He returns without a scratch, ruddy and robust. After explanations, he recognizes Jenny as a "soldier," as much as himself, and a happy ending is indicated.

This play failed of the full effect it might have exerted because of a fault in structure. It has a beginning and an end, but only a trace of a middle. The action seemed working up to a climax which only feebly emerged. It is an affecting story instead of a play, for it almost totally lacks that clash of will which is the essence of the drama. Jenny's struggle between two impulses is decided before the play begins; the only opposition that could be expected, that of her lover, collapses after only a moment of exertion. Had this war play been produced during the war, the emotions of the audience might have floated it over the gulf.

## You want good style

—then you must have all-wool

Here's why; all-wool fabrics keep the style they had to start with; they don't lose their shape. Other fabrics don't "stay put;" don't wear. We put good style into all-wool fabrics; it's there as long as the clothes last—and that's a long time.

Waist-seams are favorites

The one above is a single-breasted model; it has gone "over the top" with young men; many variations, single and double-breasted. Our label in them guarantees satisfaction.

# Hart Schaffner & Marx

Hart Schaffner & Marx clothes are all-wool; stylish. They're guaranteed to satisfy you—or money back.

## 2 ST. LOUIS NAMES IN LAST CASUALTY LIST

Marine Was Killed in Action and  
Soldier Succumbed to  
Disease.

The last two names of St. Louisans to be announced as dying overseas, in the regular issues of the official casualty list, are those of Jacob Frank Jarosik, of the Marine Corps, whose home was at 1841 Dolman street, and who was killed in action, and Richard Brandewiede of 4280A Plad avenue, died of disease.

The Associated Press today announced the discontinuance of the regular casualty list, which since last August has been issued daily to the newspapers by mail. It stated that, if further names developed, they would be forwarded by telegraph.

Including the latest names, the number of St. Louis members of the army and the Marine Corps, who have been reported as killed in action and having died from wounds, is 491. The number of those reported as having died of disease is 92, and the number who have died from accident and other causes 26, making a total of 519.

Jarosik was a member of the Fifty-fifth Company, Fifth Regiment of Marines, and was a son of Mr. and Mrs. Frank Joseph Jarosik. His mother, who is employed as a weaver for the American Manufacturing Co., Ninth and Marion streets, said she had received a telegram saying he was dead, and that the date and cause would have to be determined.

Jarosik enlisted Oct. 14, 1916, and went to France in June, 1917. He was formerly employed as an embalmer for the Meydell Undertaking Co., Twelfth street and Allen avenue.

His brother, Frank Jacob Jarosik, enlisted in the Eighty-fourth Company, Sixth Regiment of Marines, in May, 1917, went to France last fall, and was severely wounded Oct. 4.

Other names from St. Louis in the final casualty lists, besides several which have been printed previously, are:

Wounded severely—Reinhold M. Elsemann, 1821 Dolman street.

Wounded slightly—George Edward Stein, 2225 South Third street; Stephen P. Lipka, 1606 South Twelfth street; James H. Cunningham, 4418 Swan avenue; Bernard Bach, 2229 Conde street.

Wounded severely—Reinhold M. Elsemann, 1821 Dolman street.

Wounded slightly—George Edward Stein, 2225 South Third street; Stephen P. Lipka, 1606 South Twelfth street; James H. Cunningham, 4418 Swan avenue; Bernard Bach, 2229 Conde street.

Wounded severely—Reinhold M. Elsemann, 1821 Dolman street.

Wounded slightly—George Edward Stein, 2225 South Third street; Stephen P. Lipka, 1606 South Twelfth street; James H. Cunningham, 4418 Swan avenue; Bernard Bach, 2229 Conde street.

Wounded severely—Reinhold M. Elsemann, 1821 Dolman street.

## HITCHCOCK BELIEVES COVENANT WILL BE RATIFIED AS AMENDED

Any Attempt of Senate to Change  
Paris League Document Would  
Be Highly Dangerous, He Says.

WASHINGTON, April 2.—Senator Hitchcock, of Nebraska, before the Washington Commercial Club last night, expressed belief that the covenant of the league of nations would be amended "as public opinion has

demand" and "together with the peace treaty will be ratified without change when submitted to the Senate."

"Any amendment adopted by the Senate would have to go back for acceptance by the other 13 nations," he said, "and that would delay the peace settlement for a long time. Delays are said to be dangerous and in this case they are dangerous and in the highest degree because at the present time the very life of civilization in Europe is at stake. If a peace set-

tlement is not produced at an early date the spread of lawlessness and despair may involve still more of Europe."

573,474 Men Have Left France. WASHINGTON, April 2.—Up to March 26, 1,535,471 of the 3,670,888 officers and men under arms when the war ended, had been discharged from the service and 573,474 officers and men had sailed from France up to March 26. This left 1,400,789 soldiers overseas. Enlistments in the army since Feb. 28 were 1532.

## NEGRO CONFESSES HE WAS HIGHWAYMAN AND BURGLAR

Police Questioning Him About 15  
Robberies in Which Three Blacks  
Were Implicated.

Harry Jackson, 26 years old, a negro arrested early today at Jefferson avenue and Olive street, confessed, policemen say, to being implicated with two other negroes in two holdups and one burglary during March. He is being questioned further on 15 holdups in which three negroes answering the same descriptions were concerned during that month in various parts of the city.

Jackson admits, the police say, holding up Henry H. Voerfeldt in the office of the St. Agnes Coal Co., Twenty-second street and Scott avenue, March 29, taking \$60. He also admitted participating in the robbery of Mrs. Fannie Harks, in her dry goods store, 4145 Finney avenue, March 22, in which \$12.50 was stolen. He said he helped rob the tailoring shop of the Merrick & Love Pressing Co., Jefferson avenue and Olive street, last Saturday night, in which two suits of clothes and \$10.20 was stolen. Jackson lives at 2016 Chestnut street. He gave police the names of his companions.

## CHINESE FROM ALL PARTS OF U. S. IN 10-DAY SESSION HERE

Organization Known as Merchants  
and Laborers' Association Are  
Meeting on South Eighth Street.

The ninth annual meeting of the Chinese Merchants and Laborers' Association began this afternoon at 26 South Eighth street. Chinese from all parts of the United States are in attendance, many of them representing some of the largest importing houses and chop suey establishments in this country.

Ways and means to bring about closer trade relations between the United States and China will be discussed at the convention, which will be in session for 10 days. During the meeting visiting delegates, many of whom are accompanied by their wives and children, will be taken about the city in automobiles.

The convention hall is profusely decorated. Arrangements have been made for an orchestra to be in attendance during the sessions. Moy Don You and Yee Wah are the presidents of the association.

## ANTI-JAPANESE BILL OFFERED

Would Prohibit Leasing of California  
Lands by Nipponese.

SACRAMENTO, Cal., April 2.—A bill which would amend the California anti-alien law to prohibit Japanese from leasing land in this State was offered in the State Senate yesterday by Senator Inman.

He also introduced a joint resolution urging American delegates to the peace conference to provide in the league of nations covenant "that the several nations, for themselves, shall control the subject of immigration and exercise such discrimination as they see fit to preserve their population."

# Packard

ESTABLISHES

## FACTORY BRANCH IN ST. LOUIS

THE PACKARD MOTOR CAR COMPANY, Detroit, Michigan, announces the formation of the Packard Motor Car Company of Missouri, which has taken over the Packard agency and management of Packard interests in St. Louis, effective April 1st.

Realizing the importance of St. Louis as a commercial and distributing center, the Packard factory of Detroit considers it advisable to control service and the distribution of its product in St. Louis and vicinity.

The Packard establishment at 2201 Locust street is now a subsidiary or direct branch of the Packard factory at Detroit. Packard policies henceforth will govern the management of the Packard Motor Car Company of Missouri.

It is the aim of this organization to build a service institution which shall stand on the same high level as Packard cars and Packard trucks. This service shall mean two fundamental things to all Packard owners and customers:

First—An efficient corps of experts trained in every field of freight and passenger transportation.

Second—Installation of Packard uniform service methods. It is this system which has made such an enviable record for Packard service throughout the country.

The Packard Motor Car Company of Detroit also announces that it has selected as General Manager of the Packard Motor Car Company of Missouri, Mr. P. S. Russel, a business man of wide experience. Mr. Russel and his organization offer to present and prospective owners of Packard cars and trucks, and to all the people of this section, the highest type of automotive transportation service.

## DAVID GREENBERG NOT IN FIRM

David Greenberg, who had filed a voluntary petition in bankruptcy in United States District Court, it was stated that David Greenberg, 5721 Westminster Place, was president of the company. The Greenbergs severed all connection with the company last August.

## No Medicine—Chest Without Its Family Laxative

From the baby to the grandparents a good laxative is the necessary medicine in the little ills. It wards off serious sickness and saves doctor's bills. Many a cold has been prevented from running into grippe and pneumonia by its timely use.

Many a racking headache has been quickly dispelled by it. And it is a laxative rather than a drastic cathartic or purgative that should be in every family medicine-chest, for a laxative can be used at all ages.

Thousands of good American families have for more than a quarter century used a combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. It is a laxative- tonic that acts on the bowels and stomach. Infants take it with perfect safety, and it is equally effective for grownups.

Grandparents are now seeing their children give it to their babies. It is excellent for all the family in constipation no matter how chronic, indigestion, wind colic, biliousness, headaches, dyspepsia and similar ills.

The druggist will refund your money if it fails to do as promised.

**Dr. Caldwell's SYRUP PEPSIN**  
The Perfect Laxative

**FREE SAMPLES**—If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

**PRICE AS ALWAYS**  
In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing losses we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

The white meat of coconuts churned in pure milk. Not the cheapest But the BEST

Distributors: Bohm-Lenartz Com. Co.

**3590 Energy Units Per Pound**

An itching skin kept mind from work

**Resinol**  
FOR INSTANT RELIEF

Last night you hardly slept a wink through that tormenting itch—and how today your work is seriously affected and away behind through the same complaint. Get rid of that annoying trouble by anointing the inflamed part with Resinol Ointment. Quicker results are generally obtained by first cleansing the part with Resinol Soap. Both soap and ointment contain a healing and soothing medication that usually gets right in and arrests the trouble promptly.

Resinol Soap and Ointment may be obtained at all druggists.

## A Secret Home Treatment for the Drink Disease!

**ORRINE**, for twenty years, has successfully fought the drink habit. Thousands of men and women owe their happiness and health to this effective drink remedy. It can be given secretly at home in food or beverages, or can be taken voluntarily. Form No. 1 is a powder for home treatment; form No. 2, Pills, for voluntary treatment. Hard drinkers are being given or are taking ORRINE right now in order that enforced Prohibition can be easily met long before the drink disease for drink is a disease requiring treatment—may lead to health-destroying. For Sale by Wolf-Wilson Drug Co. and Leading Druggists, St. Louis, and Chas. J. Merker, East St. Louis, Ill. Free booklet mailed in plain, sealed envelope. **THE ORRINE COMPANY**, 1146-15th Street, N. W., Washington, D. C.

## NINE ST. LOUISANS AMONG WOUNDED ARRIVALS HERE

But One of the Men at Barracks From France Was Twice Injured in Battle.

Of the nine St. Louis sick and wounded soldiers who arrived yesterday at Jefferson Barracks in a group of 39 men, Private Peter M. Birmingham, Sixth Infantry, 5335 Labadie avenue, is the only man to have been twice wounded.

In August in the Vosges Mountains he was struck by shrapnel and again on Nov. 4, in the Argonne Meuse offensive, fragments struck him in the left knee, calf and eye.

Private Frank F. Hoppie, Sixth Coast Artillery Corps, 6440 Hobart avenue, is one of the few cases of trench foot at the hospital. This is a foot condition caused by standing in water for long periods. Hoppie was wounded Sept. 12 during the St. Mihiel drive by shrapnel, which struck him in the right hand, wrist and chest.

Corp. Odie G. Knotts, C Company, 138th Infantry, Kirkwood, was wounded Sept. 29 in the Argonne by a machine gun bullet in the right hand. His company, he said, was advancing through thick woods at the time. After walking three miles he was taken to the rear in ambulances, finally arriving at Base 19, where he stayed until he left France. He sailed March 15 on the Antigone, arriving in New York March 24.

Private Edward W. Remming, 102d Infantry, 3926 South Compton avenue, was gassed Nov. 10, the day preceding the signing of the armistice. He was not seriously affected, however, and was soon able to rejoin his company. He is convalescing from illness.

## DR. WOLFNER TO REMAIN HEAD OF THE BOARD OF EDUCATION

Law Permits Him to Continue as President until Next November, Council Says.

Dr. Henry L. Wolfner, president of the Board of Education, who was re-elected to membership in the Board at yesterday's election, will continue in the office of president until next November, unless the Board should vote to declare that office vacant. This was indicated today by John M. Goodwin, attorney of the Board, who said he had made inquiry into the legal status of a president of the Board whose term as a member expires, but who is re-elected. The president is elected by a vote of the members in November, for one year. Goodwin found that Robert Burkham, when attorney for the Board, gave an opinion that Ben P. Stromberg, who was president of the Board, and who was re-elected a member, was still president of the Board without the necessity of being re-elected by the members. The case was the same as that of Dr. Wolfner, he held.

Politicians, waiting at the city hall last night for election returns, discussed the Board of Education situation on the assumption that the presidency of the board would become vacant. Stephen M. Wagner, a member of the board, suggested that former Judge Jesse A. McDonald, one of the Democrats elected yesterday, should be made president with a view to harmonizing the board. In the last board, Dr. Wolfner was one of a minority which upheld Supt. Withers. The first meeting of the board, following the election, will be held next Tuesday night.

## POLICE SAY THEY NOW CAN MAKE "SPEAKING LIKENESSES"

Bertillon Bureau Considerably Improved in Remodeling of Detective Department's Floor at Headquarters.

What police refer to as "speaking likenesses" are being produced in the improved Bertillon Bureau, which has just been completed after weeks of remodeling at Police Headquarters. The second floor of the building has been transformed in the efforts of Chief of Detectives Hannegan to enlarge the scope, work and quarters of the Detective Bureau. The building at 1121 Clark avenue, used formerly as a gymnasium, was reconstructed on the second floor in order to install an enlarged and up-to-date Bertillon Bureau. A photograph gallery equipped with all modern appliances was put in and the bureau quarters moved from the headquarters building proper to the new quarters. The effect of the new lighting system in the photographic department has greatly improved the product of the bureau.

The space at headquarters formerly used for the Bertillon Bureau has been remodelled, walls torn out and the entire floor made into a large assembly and "show up" room for the Detective Bureau. A steel stairway now leads directly into the holdover downstairs and a steel tool-proof cage has been erected at the head of the stairway. This arrangement will eliminate the taking of prisoners in a roundabout way through the front part of the building and up an elevator. Improvements cost nearly \$10,000.

## JAIL SENTENCE FOR JUROR, LATE, WHO ADMITS DRINKING

Venice Man Gets Three Days When He Asks Judge if Two is Enough.

Louis Dethinger, of Venice, who couldn't resist the drink temptation even when called for jury service, received yesterday from Circuit Judge Bernreuter the "sure preventive"—a three-day jail sentence. Judge Bernreuter at first was going to make it two days, but Dethinger thought that wasn't enough, and the Court accommodated him. Dethinger was not present when called for examination. When he was found, he was taken before the Court. Judge Bernreuter accused him of having been drinking. "I was; I might as well admit it, Your Honor," said Dethinger. "We'll have to give you a couple

of days in jail to sober up," the Judge observed. "Do you think that is enough, Judge?" Dethinger inquired, and he surprised jurist tacked on another day. Dethinger will be released Friday.

THERE ARE FIVE WAYS of getting Want Ads to the Post-Dispatch office: Through your druggist, over your phone, by mail, by messenger or personal call—with no difference in prices.

"Cream-Colored" Donkey Lost. Police have been asked to find one "cream-colored" donkey, 4 feet high and with a portion of its left ear clipped away, which disappeared election night. The animal was stolen or strayed from the stable of Edward Linders, 5654 Theodosia avenue. It can be identified by the black streak running down the back, the report says.

## WOMEN'S 8-HOUR BILL CHANGED

Permits Them to Work Longer at Time and a Half for Overtime. Special to the Post-Dispatch. JEFFERSON CITY, April 2.—The House yesterday afternoon reconsidered the vote by which it virtually killed the women's eight-hour bill Friday and re-engrossed the measure, with amendments which changed it from a bill to protect women workers from a health standpoint to a wage bill.

Last Friday an amendment providing a nine-hour day for women was adopted, which is the provision for the present law. It was the vote on this amendment which was reconsidered. Leaving the eight-hour provision in, there was adopted yesterday an amendment permitting women to work more than eight hours and requiring that they be paid time and a half for all time more than eight hours a day worked.

## Common Sense About Aching, Perspiring Feet

With many people the feet are subject to constant strain, being the hardest worked members of the body and certainly deserve attention. The blood vessels become gorged and the tissues swollen, causing pain, burning, sweating, etc. To overcome this a warm Cal-o-eide foot bath works wonders, bringing instant relief, and its use will keep the feet in perfect condition. Cal-o-eide is a scientific preparation that penetrates the pores and adjusts the cause of the trouble. Get 25c worth from a druggist and it will be worth that many dollars in comfort.—ADV.

## AUTO OVERTURNED AND WRECKED BY ANOTHER DRIVEN BY WOMAN

Powell Meyer, 5345 Pershing avenue, was injured seriously at 5 p. m. yesterday when an automobile he was driving was overturned and wrecked at Spring avenue and Lindell boulevard by an automobile driven by Mrs. Lillian Barrett, 123 Madison street, Venita Park, St. Louis County. He suffered internal injuries, several fractured ribs and injuries to his back. He was taken home. A misunderstanding of signals when Mrs. Barrett started to turn into Spring avenue is said to have caused the accident.

Ill., suffered scalp wounds and cuts and bruises at 4 p. m. when he was struck by an automobile driven by Charles Beecher, 1409 Chestnut street, at Fifteenth and Pine streets. He was taken to the city hospital.

John D. Kohn, 5 years old, of 2942 A McKee avenue, suffered concussion of the brain at 5 p. m. yesterday when he was struck by an automobile driven by an unidentified woman while the boy was playing in the street in front of his home. The woman stopped her machine, carried the boy to his home and departed when a cursory examination failed to reveal any serious injury to the lad.

## HER WEDDING WILL OCCUR THIS AFTERNOON

Miss Eila Curlee.

## MISS EILA CURLEE TO WED ENSIGN TODAY

Her Marriage to Walter Clarke Will Take Place in Kirkwood Church at 5 P. M.

CONSPICUOUS among the weddings of the mid-Lenten period is that of Miss Eila Curlee to Ensign Walter Clarke which will be celebrated at 5 o'clock this afternoon at Grace Episcopal Church of Kirkwood with the Rev. Dr. J. J. Wilkins officiating. Owing to mourning in the bride's family only the relatives and close friends have been asked and all of the arrangements are to be carried out very simply.

Lieut. Oliver Clarke, the bridegroom's brother, will serve as best man and be the only attendant.

The bride will wear her traveling suit of dark blue. Her hat of dark brown straw is trimmed in hydrangea-shaded grapes and she will wear a corsage of orchids.

Miss Curlee is the daughter of Mr. and Mrs. John R. Curlee of Kirkwood. She was graduated from Mary Institute and later attended Miss Maderia's School in Washington, D. C.

She made her bow to society as one of the three special maids of honor at the Velled Prophet's ball in 1915, and has taken part in many social affairs both here and in Kirkwood. She is a sister of Mrs. Marshall Hood McCarthy and of Miss Katherine Curlee.

Ensign Clarke is the son of Mrs. Louis Clarke of New Orleans and attended the University of Wisconsin. He received his training for an ensign at the Cadet School at Cambridge, Mass., and has been on transport duty.

The couple will depart this evening for a honeymoon trip to California and will make their home in New Orleans. Mrs. Clarke, the bridegroom's mother, came to be present at the marriage, and another out-of-town guest is Miss Elizabeth Whithead of Detroit who is visiting Miss Marjorie Abbott. Miss Curlee has been the recipient of numerous pre-nuptial affairs. Miss Abbott, Miss Queenie Beeson and Miss Rowena Clark and others having been among the hostesses in her honor.

## Social Items

Mrs. George Gellhorn, 4366 McPherson avenue, will entertain tomorrow afternoon from 4 to 5:30 o'clock with a tea to meet Mrs. Richard S. Francis of Bryn Mawr, Pa., who is her guest, and who has come to attend the convention of the Association of Collegiate Alumnae.

Mrs. Walter W. Cheney Jr. of Manhattan, N. Y., is the guest of Miss Mary D. Jones of 45 Portland place.

Mrs. Dudley French, who has been with her parents, Judge and Mrs. Charles Claffin Allen of 5200 Waterman avenue during her husband's, Lieut. French's absence in France, has gone East to meet him upon his return to this country.

A number of prominent members of the Wednesday Club will act as hostesses this evening at the dance to be given by the Committee on Recreations of the club for the Patriotic League Center. It will be given at Union Electric Hall to the girls of the Saturday Night Dancing classes, and to a number of soldiers and sailors. Among those who will be on the list are Mrs. Willard Bartlett, who is chairman of the committee, Misses P. Goddard, Clay Jordan, J. H. Hoskins, A. H. Bruggeman, Arthur Lanbert, W. R. Weston, Tom Anderson, P. B. Foulke, Lee Van Cleave, Walter D. Thompson, Henry Boeckler, C. R. Lightner, J. Arthur Corlitt, Herbert Parker, W. B. Ver Steeg, W. S. Swingle, W. A. Lehmann, Harry Sprague, Harry Stegall, L. M. McCall, G. O. Carpenter Jr., Misses Nellie Richards and Jordan.

The Floor Committee comprises Miss Olga Bates, chairman; Miss Penelope McCloud; Miss Florence Grant and Miss Adeline Rott.

Among the St. Louisans who will enjoy the early spring season at French Lick Springs are Mr. and Mrs. R. N. Warmack of the St. Regis

Hotel and their daughter, Miss Annie Laurie Warmack and Mr. and Mrs. Alanson C. Brown of 4389 McPherson avenue. Others who will join the St. Louis colony there are Mr. and Mrs. Frederick F. Campbell and Mrs. Campbell's mother, Mrs. W. Franklin Armstrong of 5109 Washington avenue.

A recital will be given under the auspices of the Ladies' Friday Musical tomorrow afternoon at the home of Mrs. Charles A. Stix of 26 Portland place, the object of the affair being to increase the Students' Symphony Fund, which the club has maintained for the past nine years.

The Ladies' Friday Musical is the oldest club of its kind in the city, having celebrated its thirty-seventh birthday in January. Much excellent work has been done through its efforts, and standing foremost is the maintenance of the above-mentioned fund, which enables approximately 150 deserving students to attend concerts of the Symphony Orchestra. In honor of the club's ex-president, who served in this capacity for over 35 years, and who not only was one of the charter members, but is still actively engaged in the club's work, this enterprise has been called "The Lizzie Drey Students' Symphony Fund."

Won't stain the skin, leaves no marks, wastes no time in applying, sure to give quick results. A large bottle means economy. Your own or any other druggist has it. Get it today. 50c, 60c, \$1.20.

## Sloan's Liniment Kills Pain

### INFLUENZA ON THE INCREASE APPALLING DEATH RATE

It is generally conceded by the medical profession that the Flu is a deadly disease. But, however, it is strong in its contention that no disease can be so easily attacked as the Flu. It is a perfect and healthy body that is kept in a perfect and healthy state. Dr. Burkhart states: To begin with, we eat without any thought of the particular food requirements of our age, our occupation and the climate as the Flu. But, worse, we eat without any thought of the relation one food has to another who, eaten at the same time, may be all foods are simply combinations of chemical elements. That is, we know we can't mix certain chemically opposed foods at every meal. That these combinations are not only absorbed and cause a feverish condition, but also cause a rapid and sudden death. The Flu, in fact, all forms of sickness.

Dr. Burkhart's Vegetable Compound has for 25 years proven a veritable mine that is everlastingly rich in the fundamental elements of health. It alone cleanses and strengthens your stomach and entire alimentary canal and keeps it in its normal condition. It is just as essential to your body as the air you breathe and as a preventive for the Flu. It is the only medicine that is liberal in its use at all times. Dr. Burkhart's Compound is a safe and reliable remedy for all ailments. All ailments, the Flu, a 30-day treatment with an annual sale of hundreds of thousands of bottles, which alone attests the wonderful and efficacious merits of this greatest of all remedies. When recovering from the Flu take Dr. Burkhart's Vegetable Compound. It helps you quickly restore the body to normal condition and the results will follow.—ADVERTISING.

## LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost if you admire a clear, soft and white skin.

When this homemade lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin becomes soft, clear and white, and the complexion dainty and attractive. What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore it irritates, and should be mixed with orchard white this way: Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of the best skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle; then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it really does clear, smoothen and beautify the skin amazingly.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.—ADV.

## DAYLIGHT BURGLARS IN 2 POLICEMEN'S HOMES

Take Advantage of Husbands Being at Polls and the Families' Absence.

Homes of two policemen living in Southampton were selected by burglars during the absence of the husbands, on election duty, and their families yesterday afternoon. Their reward in each case was small.

At the home of Patrolman John J. Goetz, 5242 Devonshire avenue, the burglars turned the place topsy-turvy but took only \$1.75, leaving jewelry and other valuables behind.

At the home of Patrolman Thomas Whalen, 4923 Murdoch avenue, the same process was gone through and Whalen's extra pistol, which was kept in the house for the protection of the family, was taken.

At two other homes in the neighborhood, the residence of Elmer Walter, 5217 Nottingham avenue, and John Gross, 5027 South King's highway, burglars ransacked the rooms but obtained nothing of value.

Window Dummies Robbed.  
Five dummies in the display windows of the Sonnenfeld Millinery Co., 610-612 Washington avenue, were stripped of their new spring suits and capes by thieves who hurled a brick through a window early today. The thieves tore off the price tags on the suits and tossed them back into the window. A pair suit and cape was valued at \$25.

Burglars at the Yawitz Tailoring Co., 1338 Franklin avenue, stole uncut cloth and suits of clothes valued at \$400 during the night. They broke a window in the rear of the establishment to get inside.

William Wray, 4437 Delmar boulevard, a driver for the Empire Grocery Co., Taylor and Evans avenue, told police last night he was hailed by a man at King's highway and 22nd right avenue, who asked him to "wait a minute." He waited, he said, until the man climbed on the wagon and then found himself looking into a revolver. He said the robber took \$23 from a bag under the seat of the wagon and then ran away.

Miss Mabel Inglis, 4649 Loughborough avenue, called police to her home at 10 p. m. and reported that while she and Myron Frost, a department manager for a shoe company, 2318 Junata avenue, were walking near her home a short time before, two armed men had stepped out of an alley and had tried to hold them up. She screamed, she said, and ran home, leaving Frost. The policemen called on Frost. "Somebody's playing an April fool joke," he said. "I wasn't held up. I never saw any robbers."

Home on Fire Robbed.  
During a \$150 fire at the home of Mrs. Margaret Kane, 1417 South Cardinal avenue, at 11 p. m., a purse containing \$12.50 was taken from a dresser drawer in a bedroom.

Two negro burglars, discovered by watchmen on the roof of the one-story Western Electric Co., 908 North Main street, at 8 p. m., escaped by leaping from the roof as the watchmen emptied their pistols at them.

Investigation later revealed the negroes had broken a skylight on the roof and were passing copper and brass through the broken panes. Two casks with the fixtures were found on the roof.

Following an attack on John Nowak, 15 years old, of 2104 North Fourteenth street, during which the boy was robbed of \$2.43 near his home last night, police arrested Julius Marchlewski, 25, "no home," and Steve Majeski, 34, 2118 O'Fallon street. Both men, police say, were identified by the boy. The money, police say, was found in Majeski's pockets. The boy received bruises on the face and neck from the handling of the robbers.

## TWO ST. LOUISANS HOME WERE WITH THE HEALTHIEST REGIMENT

The 72d Coast Artillery Lost but One Officer and 5 Men by Disease in France.

Two St. Louis members of the "healthiest regiment" of the American forces in France, the Seventy-second Coast Artillery, returned home today. They were Corporal B. R. Chapman, 4215 Westminster place, of D Battery, and John P. Walsor, 1626 South Eighteenth street, of E Battery. The Seventy-second Coast Artillery, made up almost exclusively of Chicagoans, won the distinction of being the healthiest body of American soldiers overseas by reason of the fact that it lost but one officer and five men by disease.

After spending eight months in a training camp at Lemoges the Seventy-second was under orders to move to the front when the armistice was signed. B Battery held the record of the American forces for setting up guns, and was personally commended for that feat by Gen. Pershing when he reviewed the regiment at Toulon.

The Seventy-second departed for France Aug. 6, 1918, and spent 19 days on the ocean. The ship which carried the regiment had to go 19 hours out of its way to dodge submarines and for two days was lost at sea.

Before their enlistment Chapman was a department manager for Swift & Co. and Walsor was captain of bellboys at the American Hotel. Walsor's brother, Private Edwin A. Walsor, is with the 25d Engineering Corps.

## Too Employees Discharged.

The Associated Press. April 2.—Further reduction in the mines and smelter at Cananea, Sonora, were made at week when approximately 700 employees were discharged because of the instability of the copper metal market according to arrivals here. The Cananea company is furnishing former employees transportation and money for incidental expenses to the west coast of Mexico agricultural zone.

## Low Fat Folks May Become Slim

To be over stout is humiliating, and fat folks are strangers, therefore, people who are carrying around a burden of unhealthy and ugly fat will be glad to know how they may reduce their weight without arduous diet or tiresome exercises. If you want to get rid of superfluous fat in a simple, safe and reliable way, here is a test worth trying. Spend me time in the open air, practise deep breathing and get from any good suggest a box of oil of kofein capsules; take one after each meal and before retiring at night; also follow the other simple directions that come with the box. Weigh yourself once a week so as to know just how fast you are losing weight, and don't leave off the treatment, or even skip a single dose, until you are down to normal weight, so that you feel and look wonderfully younger and healthier. Every person who is too fat should use this treatment a trial. You will surely find it is just what you need, save your friends!—ADV.

## ANNEXATION BILL HEARING PLANS FOR GIRLS' HIGH SCHOOL

Two Delegations From County Go to Jefferson City. Two delegations, one opposing annexation and the other favoring it, went to Jefferson City today from St. Louis County to appear before the Elections Committee in the afternoon when the pending annexation bill comes before it for a hearing. Opponents to the bill, which would give St. Louis the right to annex portions of St. Louis County, are headed by Probate Judge Hodgdon. The delegation favoring the bill comprises members of the Wellston Annexation League. The latter delegation, numbering about 100, will join St. Louis supporters of the bill in the fight for its passage.

## GOVERNOR'S REVENUE BILLS PUT ASIDE

Consideration of All but Corporation Measure, Which Is Engrossed, Postponed in House.

By a Staff Correspondent of the Post-Dispatch.

JEFFERSON CITY, April 2.—The Gardner administration revenue measures, including bills increasing the corporation franchise tax and the State income tax, the passage of which the Governor has declared necessary to replace the \$1,000,000 of State revenue which will be lost through the stopping of the sale of liquor, made little progress in the House today when they were taken up for engrossment as a special order of business. All were postponed except the corporation franchise tax bill, increasing the tax from 75 cents to \$1 on the \$1000 of capital and surplus of corporations. This was engrossed without opposition or debate.

The first snag in carrying out the program of the House Steering Committee came when Representative Jones of Gentry County called up the income tax bill, increasing the tax from 1/2 of 1 per cent to 1 per cent, and lowering the personal exemption to \$1000 for unmarried persons and \$2000 for married persons. The enforcement of the law was placed in the State Board of Equalization in the original bill. The theory that a bill abolishing the State Tax Commission, which should properly be charged with its administration, will be passed.

Arouses Many Protests. Jones attempted to amend his bill to place the administration in the Tax Commission and immediately aroused a storm of protest throughout the House, which indicated strongly that the House is determined to abolish the Tax Commission. Even Speaker O'Fallon took part in the discussion from the Speaker's chair.

"It is very unfortunate that a matter of this kind should be injected into such an important revenue measure," the speaker said.

Jones, realizing the temper of the House, asked to have his bill laid over.

The bill providing a system of collection of the inheritance tax, much of which has been lost to the State through the failure of the law passed two years ago to provide a comprehensive system of collection, was postponed until tomorrow because of the absence of several members who wished to be heard on it.

Morgan Bills Laid Over. The only other bills in the special engrossment calendar were the Morgan tax bills, reducing the maximum tax rates in all political subdivisions. Morgan was not in his seat and the bills were laid over. They were drawn on the theory that property is to be assessed at full value, which does not seem probable, though such an assessment would be necessary to save cities, school districts and counties as well as the State from financial embarrassment, if the bills should pass.

The possibility of organized Republican opposition to the Governor's program was indicated when Representative Wilkinson of Kansas City attempted to have the income and inheritance bills made a special order of business for tomorrow morning, instead of having them take their regular place on the House calendar. Wilkinson's motion failed, the Republicans voting almost unanimously.

## City News in Brief ANNOUNCEMENTS

## He Had Everything Else Planned

"Now, I'll tell ya what we'll do tomorrow. I know a couple o' peaches, heifers, too. In the morning we'll take 'em out automobiling; at noon we'll stop at some good hotel for lunch; afternoon go to matinee, and in the evening go to some swell jazz restaurant.

"Say, that's fine, Bud. But whadda we goin' to use for money?"

## Lucile the Waitress

By BIDE DUDLEY.

## Quarrelsome Married Couples Have No Attraction for Her.

"Did you ever notice," said Lucile the Waitress, to the friendly Patron, "how married couples will always try to get outsiders into their quarrels?"

"Don't know that I have," he replied.

"Well, it's as true as can be," she continued. "They always want to leave their arguments to someone else and then biff the third person. We had a scuffling couple in here this morning. They set at one of my tables and as I skeddaddled up I notice war had been declared.

"Aw, Caruso is not a Spaniard," says the lady with one of those 'I've a notion to slap your face' scowls. 'He's French.'

"All right," says the man. 'Have it your own way, only you ain't got sense enough to drive a nail into a plate of mush.'

"Oh, I ain't, ain't I?" she says. "Well, I know more about geography than you ever suspected. 'I'll leave it to this lady.'

"She turns to me and says: 'Ain't Caruso a Frenchman?'

"I don't know, lady," I says. 'He don't eat here.'

"Well, I don't have to eat here to be a Frenchman, does he?" she snaps.

"See? I told you," says the man. "What do you know about grand operatic singers? You never was any nearer to grand opera than 'The Merry Chickens Burlesquers.'"

"Oh, boy, but it makes her sore. She gives him one look. 'Listen, nin-head,' she says, 'I want you to know I don't have to stand for insults from you.'

"You're my wife, ain't you?" he quizzes.

"Needn't to mind!" says she. "The only times I went to burlesque shows

'a' wanted so. I knew he was from Switzerland, but why should I be giving away my knowledge of things harmonious free gratis pro fundus, eh?"

## Meaning of Academic.

"What do they mean by an academic question?"

"One in which there is no profit for anybody," said the Old Coder, "no matter which way it is decided."—Louisville Courier-Journal.

## Free From Commercialism.

"YOU insist that art is free from commercialism."

"I do," replied Mr. Stormington Barnes. "It is well known that Hamlet is the longest part known to the classic drama. Yet any actor would be willing to play it without charging overtime."—Washington Star.

The only reason democracy is safe in China is because Japan doesn't want it.—Greenville Piedmont.

## Not Stove in

Scout: I saw a big rat in my cook stove and when I went for a stick he ran out.

Friend: Did you hit him?

Scout: No, he was out of range.—Boys' Life.

## Army Influence.

I SUPPOSE your boy, Josh, has changed some.

"Some," answered the farmer. "Josh used to enjoy sleeping as late as anybody. Now he grabs a bugle an' wakes everybody up jes' as early in the morning as he happens to feel hungry."—Washington Star.

Washington never rode on a rail, road train, yet it is not recorded that Senator Borah ever refused his 20 cents mileage.—Charleston News and Courier.

## Maybe.

"I'M glad the war's over," said the first tramp.

"Why?" asked the other.

"Now mebbe somebody'll have some old clothes to give away."—Kansas City Journal.

## Easter

For this glad some occasion there is no more charming token of esteem than your photograph presented to friends and those dear.

Possibly it has been long since your last photograph was taken, so the more reason for a new photograph now.

Our True-to-Life Photographs Will Give Unusual Pleasure.

St. Louis

## Was Too Realistic.

THIS critic seemed struck with picture.

"This snowstorm painting is very fine, indeed," he said to the artist. "It almost makes me feel cold."

"Yes, it must be realistic," admitted the other. "A fellow got into my studio one day in my absence looked at the picture and unconsciously put my fur overcoat before he went out."—Pittsburgh Chronicle-Telegraph.
